

Student Loan Repayment

Choose a repayment plan

Setting up a payment plan may help you avoid missing a payment and could potentially save you money on interest [i]

ex. Auto-payments or Income-Based Repayment (IBR)

Look into loan consolidation

- Simplifies your repayment process by combining some loans into one bill
- May lower your monthly payments by giving you up to 30 years to repay your loans [ii]

Loan Deferment and Forbearance

- Allows you to temporarily postpone or reduce your payments
- If you qualify for deferment, you will not need to make payments during this time period.
- With forbearance, interest will still accrue on subsidized and unsubsidized loans.

Financial Planning Basics for Doctors Marshall Weintraub, Michael Merrill, Cole Kimball, 2019-01-25 Financial Planning Basics for Doctors is a comprehensive guide on building a long term financial plan for doctors and their families. Subjects covered include student loans, home buying, disability insurance, estate planning, college planning, retirement planning, investments, and behavioral finance among many others. Each chapter starts with the basics before addressing more advanced concepts frequently with examples and graphs and concludes with a concise summary of the key takeaways. Throughout the book, there are links to free downloadable spreadsheets and a planning checklist to help you jump start and organize your financial plan. The content provided is a result of the feedback the authors have received over thousands of meetings with doctors condensed into a thorough overview of the most relevant ideas. Teaching hospitals do an excellent job of training our next generation of doctors, yet most new physicians graduate without having had a class on managing their finances. This book was written to fill that knowledge gap. Marshall Weintraub, Michael Merrill, and Cole Kimball are financial advisors with Finity Group LLC, a financial planning firm specializing in working with doctors.
