more popular than PC video games is explicated in this essay. Unbeknownst to most people, there are a myriad of disparate types of video game consoles that people are at liberty to bask in playing video games on as a heroic character if they choose to do so. The different types of video game consoles that people can play video games on allow people to not be pigeonholed into playing video games via a single type of video game console. The cornucopia of video game consoles that people can play video games on allows people to cherry pick the specific video game consoles to play video games on as a heroic character that are best tailored to suit their video game console preferences. Video game consoles can vastly vary from one another in terms of specifications, controllers, options, online modes, digital distribution platforms, and features. The video game console that you choose to play video games on can significantly affect your gameplay experience when you play video games as a heroic character. The video game console that you choose to play video games on can also have bearing on affecting which specific friends who you can play video games with as a heroic character. The video game console that you choose to play video games on as a heroic character also predetermines which specific video game libraries will be compatible with your video game console. The video game console that you choose to play video games on as a heroic character will also predetermine which specific digital distribution platform that you will be able to have access to. The video game console that you choose to play video games on as a heroic character will also affect your controller options. The video game console that you choose to play video games on as a heroic character will also affect the graphical fidelity that is associated with your gameplay experience. The video game console that you choose to play video games on as a heroic character can unequivocally affect multiple facets of your gameplay experience. The video game console that you choose to play video games on as a heroic character will also have bearing on affecting the value of your future video game collection. The types of video game consoles that people can play video games on as a heroic character are not limited to home video game consoles. The types of video game consoles that people can play video games on as a heroic character encompass handheld video game consoles, home video game consoles, and hybrid video game consoles. The least common type of video game console is a hybrid video game console. A hybrid console allows people to be able to play video games at their abodes and at remote locations that are away from their flat screen televisions. The Nintendo Switch is deemed to be a hybrid video game console primarily because it cannot only be connected to a flat screen television but can also allow people to play video games at remote locations that are away from flat screen televisions due to the Nintendo Switch having a built-in screen embedded in it. A hybrid console is able to not only serve as a home video game console but can also double as a handheld video game console which thereby allows it to have tremendous utility as a video game console. A hybrid console is able to appeal to both handheld video game console gamers and home video game console gamers alike. The Nintendo Switch is not the only hybrid video game console. The Nintendo Switch OLED and the Steam Deck are also deemed to be hybrid video game consoles. The Nintendo Switch OLED and the Steam Deck are deemed to be hybrid console primarily because they cannot only be connected to a flat screen

television but can also allow people to play video games at remote locations that are away from flat screen televisions due to them having a built in screen embedded in them
