Billboard ,2010-01-09 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Platform Power and Policy in Transforming Television Markets Tom Evens, Karen Donders, 2018-04-04 This book seeks to investigate platform power in the multi platform era and unravels the evolution of power structures in the TV industry as a result of platformisation Multiple TV platforms and modes of distribution are competing not necessarily in a zero sum game to control the market In the volume the contributors work to extend established platform theory to the TV industry which has become increasingly organised as a platform economy The book helps to understand how platform power arises in the industry how it destabilises international relations and how it is used in the global media value chain Platform Power and Policy in Transforming Television Markets contributes to the growing field of media industry studies and draws on scholarly work in communication political economy and public policy whilst providing a deeper insight into the transformation of the TV industry from an economic political and consumer level Avoiding a merely legal analysis from a technology driven perspective the book provides a critical analysis of the dominant modes of power within the evolving structures of the global TV value chain

The Complete Film Production Handbook Eve Light Honthaner, 2013-09-23 This book is for working film TV professionals and students alike If you re a line producer production manager production supervisor assistant director or production coordinator the book has everything you ll need including all the forms contracts

releases and checklists to set up and run a production from finding a production office to turning over delivery elements Even if you know what you re doing you will be thrilled to find everything you need in one place If you re not already working in film production but think you d like to be read the book and then decide If you choose to pursue this career path you ll know what to expect you ll be prepared and you ll be ten steps ahead of everyone else just starting out New topics and information in the fourth edition include Low budget independent films including documentaries and shorts Information specific to television production and commercials The industry s commitment to go green and how to do it Coverage of new travel and shipping regulations Updated information on scheduling budgeting deal memos music clearances communications digital production and new forms throughout

The Business of Media Distribution Jeff Ulin, 2012-12-06 Written by the insider who headed sales for Lucasfilm across distribution markets and managed the release of Star Wars Episode III this is the first book to show how all related media distribution markets including television video and online work together and independently to finance and maximize profits on productions It demystifies how an idea moves from concept to profits and how distribution quietly dominates an industry otherwise grounded in high profile elements production marketing creative finance law The book provides a unique apprenticeship to the business illuminating at a macro level how an idea can move from concept to generating 1 Billion relating theory and practice in the context of the maturation of global market segments and exposing the devil in the detail that impacts bottom line profits Producers media executives and entertainment attorneys in specific niches will benefit from this wide ranging look at the business across various distribution outlets including theatrical television airlines merchandising cable and home video

Working Backwards Colin Bryar, Bill Carr, 2021-02-09 Working Backwards is an insider s breakdown of Amazon s approach to culture leadership and best practices from two long time Amazon executives with lessons and techniques you can apply to your own company and career right now In Working Backwards two long serving Amazon executives reveal the principles and practices that have driven the success of one of the most extraordinary companies the world has ever known With twenty seven years of Amazon experience between them much of it during the period of unmatched innovation that created products and services including Kindle Amazon Prime Amazon Studios and Amazon Web Services Bryar and Carr offer unprecedented access to the Amazon way as it was developed and proven to be repeatable scalable and adaptable With keen analysis and practical steps for applying it at your own company no matter the size the authors illuminate how Amazon s fourteen leadership principles inform decision making at all levels of the company With a focus on customer obsession long term thinking eagerness to invent and operational excellence Amazon s ground level practices ensure these characteristics are translated into action and flow through all aspects of the business Working Backwards is both a practical guidebook and the story of how the company grew to become so successful It is filled with the authors in the room recollections of what Being Amazonian is like and how their time at the company affected their personal and professional lives They demonstrate that success on Amazon s scale is not achieved by the genius of any single

leader but rather through commitment to and execution of a set of well defined rigorously executed principles and practices shared here for the very first time Whatever your talent career or organization might be find out how you can put Working Backwards to work for you *The Storyteller's Dilemma* Louis Hernandez Jr,2017-03-01 Book Human beings are natural storytellers and it s never been easier to access digital technologies that allow anyone anywhere to share their story with the world More stories are being produced and consumed now than at any other time in our species history yet for some reason it s never been more difficult to cut it as a creative Consumers are paying less if anything for all forms of entertainment traditional media companies are tanking and the advertising realm has been turned on its head Although operating budgets have increased in every sector storytellers are making less than ever before as the lion s share of new revenues cyclically feed mechanisms for distribution and monetization Our media landscape is in short unsustainable and in the midst of a crisis What went wrong How can we fix it Although he presides over Avid the leading provider of audio and video technology for creatives and media professionals Louis Hernandez Jr isn t your typical multinational CEO In his two previous books Too Small to Fail How the Financial Industry Crisis Changed the World s Perceptions and Saving the American Dream Main Street s Last Stand he chartered his vision of an egalitarian America structured around the communities that compose its very foundation He brings the same mindset the same notion of countless small actors with unlimited potential to the tumultuous world of media with his third book The Storyteller s Dilemma Overcoming the Challenges in the Digital Media Age In The Storyteller s Dilemma Hernandez puts forth another comprehensive vision for our future that aims to advantage all while disadvantaging none This book is neither a diatribe against economic elites nor a postmortem analysis of the ills of digital distribution Instead it proposes a new approach with the potential to benefit all involved parties an approach that at once embraces the intensifying power of storytelling and eschews the notion that disruption and instability must greet an industry hand in hand Rather than favoring any given group over another Hernandez imagines a streamlined world of shared platforms and common standards that empower storytellers developers and deliverers alike By dispensing of business models that have proved unviable in the digital age we can turn higher profits while more equitably compensating creatives and creative endeavors In today s networked world the economics of storytelling matters to everybody It s time we all got onboard Home Networking Do-It-Yourself For Dummies Lawrence C. Miller,2011-04-19 Step by step guide to connecting all your electronic devices into one network A home network allows you to share Internet connections photos video music game consoles printers and other electronic gadgets This do it yourself guide shows you step by step how to create a wired or wireless network in your home In the For Dummies tradition of making technology less intimidating Home Networking Do It Yourself For Dummies breaks down the process into easy steps with clear instructions Increasing broadband speeds cellular technology the explosive growth of iPhone sales and the new Home Group feature in Windows 7 all contribute to a booming interest in home networking This step by step guide walks do it yourselfers through the process of setting up a

wired or wireless network with Windows 7 and Windows Vista Demonstrates how to connect desktops or laptops printers a home server a router high speed Internet access a video game system a telephone line and entertainment peripherals Shows how to share files music and video and connect to an iPhone Provides maintenance and troubleshooting tips Home Networking Do It Yourself For Dummies enables you to take advantage of everything a home network can offer without hiring a technology wizard

From Big Data to Big Profits Russell Walker, 2015-07-01 Technological advancements in computing have changed how data is leveraged by businesses to develop grow and innovate In recent years leading analytical companies have begun to realize the value in their vast holdings of customer data and have found ways to leverage this untapped potential Now more firms are following suit and looking to monetize Big Data for big profits Such changes will have implications for both businesses and consumers in the coming years In *From Big Data to Big Profits* Russell Walker investigates the use of Big Data to stimulate innovations in operational effectiveness and business growth Walker examines the nature of Big Data and how businesses can use it to create new monetization opportunities Using case studies of Apple Netflix Google LinkedIn Zillow Amazon and other leaders in the use of Big Data Walker explores how digital platforms such as mobile apps and social networks are changing the nature of customer interactions and the way Big Data is created and used by companies Such changes as Walker points out will require careful consideration of legal and unspoken business practices as they affect consumer privacy Companies looking to develop a Big Data strategy will find great value in the SIGMA framework which he has developed to assess companies for Big Data readiness and provide direction on the steps necessary to get the most from Big Data Rigorous and meticulous *From Big Data to Big Profits* is a valuable resource for students researchers and professionals with an interest in Big Data digital platforms and analytics

Media and Culture

Richard Campbell, Christopher R. Martin, Bettina Fabos, 2011-02-23 It's no secret today's media landscape is evolving at a fast and furious pace and students are experiencing these developments firsthand While students are familiar with and may be using the latest products and newest formats they may not understand how the media has evolved to this point or what all these changes mean This is where *Media and Culture* steps in The eighth edition pulls back the curtain and shows students how the media really works giving students the deeper insight and context they need to become informed media critics

Billboard, 2009-08-08 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

U.S. News & World Report, 2008 **The Limits of the Digital Revolution** Derek Hrynyshyn, 2017-03-20 This academic analysis explores social media specifically examining its influence on the cultural political and economic organization of our society and the role capitalism plays within its domain In this examination of society and technology author and educator Derek Hrynyshyn explores the ways in which social media shapes popular culture and how social power is expressed within it He

debunks the misperception of the medium as a social equalizer a theory drawn from the fact that content is created by its users and compares it to mass media identifying the capitalist driven mechanisms that drive both social media and mass media The work captures his assessment that social media legitimizes the inequities among the social classes rather than challenging them The book scrutinizes the difference between social media and mass media the relationship between technologies and social change and the role of popular culture in the structure of political and economic power A careful look at social media networks such as Facebook Twitter and Google suggests that these tools are systems of surveillance monitoring everyday activities for the benefit of advertisers and the networks themselves Topics covered within the book s 10 detailed chapters include privacy online freedom of expression piracy the digital divide fragmentation and social cohesion

Fantasy Media in the Classroom Emily Dial-Driver,, Sally Emmons, Jim Ford, 2014-01-10 A common misconception is that professors who use popular culture and fantasy in the classroom have abandoned the classics yet in a variety of contexts high school college freshman composition senior seminars literature computer science philosophy and politics fantasy materials can expand and enrich an established curriculum The new essays in this book combine analyses of popular television shows including Buffy the Vampire Slayer such films as The Matrix The Dark Knight and Twilight Watchmen and other graphic novels and video games with explanations of how best to use them in the classroom With experience based anecdotes and suggestions for curricula this collection provides a valuable pedagogy of pop culture Digital Defense Joseph Pelton, Indu B. Singh, 2015-10-16 Drs Pelton and Singh warn of the increasing risks of cybercrime and lay out a series of commonsense precautions to guard against individual security breaches This guide clearly explains the technology at issue the points of weakness and the best ways to proactively monitor and maintain the integrity of individual networks Covering both the most common personal attacks of identity fraud phishing malware and breach of access as well as the larger threats against companies and governmental systems the authors explain the vulnerabilities of the internet age As more and more of life s transactions take place online the average computer user and society at large have a lot to lose All users can take steps to secure their information Cybercrime is so subtle and hidden people can ignore the threat until it is too late Yet today about every three seconds a person is hit by some form of cyber attack out of the blue Locking the cyber barn door after a hacker has struck is way too late Cyber security cyber crime and cyber terrorism may seem to be intellectual crimes that don t really touch the average person but the threat is real Demystifying them is the most important step and this accessible explanation covers all the bases *MBA in Marketing - City of London College of Economics - 10 months - 100% online / self-paced* City of London College of Economics, Overview An MBA in Marketing or Master of Business Administration is a degree that will prepare you for leading positions in marketing such as Chief Marketing Officer Content What is Marketing Marketing Management Marketing Management Philosophies Marketing Challenges into the Next Century Marketing and Society Social Responsibility and Marketing Ethics Social Criticisms of Marketing Citizen and Public Actions to Regulate Business
