darker side He tells how tourism evolved from Grand Canyon rail trips to Sun Valley ski weekends and Disneyland vacations and how the post World War II boom in air travel and luxury hotels capitalized on a surge in discretionary income for many Americans combined with newfound leisure time From major destinations like Las Vegas to revitalized towns like Aspen and Moab Rothman reveals how the introduction of tourism into a community may seem innocuous but residents gradually realize as they seek to preserve the authenticity of their communities that decision making power has subtly shifted from the community itself to the newly arrived corporate financiers And because tourism often results in a redistribution of wealth and power to outsiders observes Rothman it represents a new form of colonialism for the region By depicting the nature of tourism in the American West through true stories of places and individuals that have felt its grasp Rothman doesn't just document the effects of tourism but provides us with an enlightened explanation of the shape these changes take Deftly balancing historical perspective with an eye for what's happening in the region right now his book sets new standards for the study of tourism and is one that no citizen of the West whose life is touched by that industry can afford to ignore *The American Contractor*, 1924 **SUSE Linux Toolbox** Christopher Negus, Francois Caen, 2007-12-05 This reference provides and describes about 1000 SUSE Linux commands for use in finding and getting software monitoring system health and security and accessing network resources It covers activities such as using the shell playing multimedia working with files and administering file systems backing up and restoring data working with processes managing the system and performing remote administration It is meant for those who administer desktops and servers running openSUSE and SUSE Linux Enterprise or any other Linux distribution Some experience with Linux is assumed *New York Review of the Telegraph and Telephone and Electrical Journal*, 1915 *Canadian Mining Journal*, 1929 *Iron Trade and Western Machinist*, 1929 **Iron Trade Review**, 1929 *Miner's Magazine*, 1909 **Human Resources Report**, 2003 **National 4-H Club News**, 1951 Electrical Installation Record, 1914 *Electrical Record and Buyer's Reference*, 1914 The Electrical Worker, 1914
