Part I: Identification

Look For: Anchor & Evidence questions compose nearly 40% of questions on the Reading section. Look for questions that ask "Which choice provides the best evidence..." and provide line references in the answer choices.

Private property is an important concept for many Americans. However, private property might not be as absolute as many people think. In many urban residential areas, a narrow strip of land in front of people's homes, known as an easement, is both public and private property. This land must often be maintained by the homeowner, but it can be accessed by the public to use sidewalks, and park on the road's edge. It can also be used by utility workers and those appointed by the city to conduct surveys or other infrastructure repairs or studies.

1. By whom must the easement be maintained?
A) The city
B) The property owner
C) Utility workers
D) All Americans
2. Which choice provides the best evidence for the answer to the previous question?
A) Lines 1-2 ("Private property...Americans")
B) Lines 2-4 ("However...think")
C) Lines 7-10 ("This...sidewalks")
D) Lines 10-14 ("It...studies.")
