The 90/10 Weight-Loss Plan Joy Bauer,2001-05-04 A scientifically designed balance of healthy foods and fun foods In just two weeks you ll lose weight be healthier and you can still eat your favorite chips cookies and ice cream Feminist Theology and Contemporary Dieting Culture Hannah Bacon,2019-08-08 Hannah Bacon draws on qualitative research conducted inside one UK secular commercial weight loss group to show how Christian religious forms and theological discourses inform contemporary weight loss narratives Bacon argues that notions of sin and salvation resurface in secular guise in ways that repeat well established theological meanings The slimming organization recycles the Christian terminology of sin spelt Syn and encourages members to frame weight loss in salvific terms These theological tropes lurk in the background helping to align food once more with guilt and moral weakness but they also mirror to an extent the way body policing techniques in Christianity have historically helped to cultivate self care The self breaking and self making aspects of women s Syn watching practices in the group continue certain features of historical Christianity serving in similar ways to conform women s bodies to patriarchal norms while providing opportunities for women s self development Taking

into account these tensions Bacon asks what a specifically feminist theological response to weight loss might look like If ideas about sin and salvation service hegemonic discourses about fat while also empowering women to shape their own lives how might they be rethought to challenge fat phobia and the frenetic pursuit of thinness As well as naming as sin principles and practices which diminish women s appetites and bodies this book forwards a number of proposals about how salvation might be performed in our everyday eating habits and through the cultivation of fat pride It takes seriously the conviction of many women in the group that food and the body can be important sites of power wisdom and transformation but channels this insight into the construction of theologies that resist rather than reproduce thin privilege and size ist norms *Weekly World News* ,2000-05-16 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site
