it In the case of Google Apps it truly is free No annoying ads No money grabs Nothing For the price of nothing you are getting online software that is on par with the Office suite you grew to love and pay hundreds of dollars for That means you get writing software spreadsheet software presentation software and more and you don't pay a dime Now you see why so many people are making the switch to Google Apps Who wouldn't want to pay nothing for good software If you are interested in learning more about it or you are ready to make the leap and become a free user then this guide will show you the ropes and get you started as quickly as possible Let's get started This book is not endorsed by Alphabet Inc [Google Business Profile Training Guide](#) Laura Maya,2023-04-24 Google Business Profile is a powerful tool that can transform how you drive customers to your local brick and mortar business and further develop trust with new and existing customers Although Google Business Profile has been around for a long time it has grown in its importance as more users use search engines to find information about a local business even more so during the COVID 19 pandemic The fact that the word searching is now interchangeable with the word Googling Google is the leading search engine with around 5.4 billion daily searches and a 92% market share That means it's extremely likely that the target market is on Google possibly looking for the company's products and services In fact nearly half of all Google searches 46% include local intent with phrases such as near me or a city or neighborhood after the search term The statistics surrounding Google Business Profiles are impressive Over 90% of people read Google Business Profile reviews before contacting a local business and over half of profiles receive over 1,000 views per month Nearly half of businesses receive appointment requests through their Google Business Profile and the profile can be attributed to 91% of weekday calls to local businesses With 87% of users performing daily Google searches for local businesses it's clear that having a Google Business Profile is crucial Reviews are important too as 65% of users will leave a review if they have a positive experience Near Me Google Maps searches have increased 900% in the past 24 months and Google Business Profile views and metrics contribute to 75% of a local business's monthly exposure online Introducing the ultimate solution for skyrocketing your business success Google Business Profile Training Guide This Training Guide covers a range of topics including creating a powerful Google Business Profile managing and improving engagement with the profile using Google Maps to promote the profile and increasing brand awareness The guide explains why GBP has become a popular marketing tool including its ability to provide credibility and legitimacy help potential customers find a business and drive traffic to a website The guide also offers essential information on optimizing and integrating a Google Business Profile for SEO purposes **The Ridiculously Simple Guide to Google Apps (G Suite)** Scott La Counte,2019-09-11 Chances are you grew up a Word and Office user Maybe you were a rebel and committed your herd to OpenOffice or dare I say WordPerfect but for the majority of people our lives were loyal to Microsoft In 2005 a small little startup named Upstartle developed something unheard of at the time a web based word processor called Writely It pioneered the idea of writing on the cloud and changed the way people thought about word processing Google noticed the little upstart and in 2006 they

acquired the company The software was abandoned and turned into what everyone knows today as Google Docs It disrupted the industry namely Microsoft s industry Today Google has a whole suite of productivity apps from documents to spreadsheets you can do just about anything from the cloud Microsoft and Apple have each made big attempts to create cloud based environments of their own for office productivity but Google pioneered the idea and its collaborative online environment make it hard to beat It s become so feature rich that many businesses are finding it to be the preferred way to conduct business If you are thinking about making the switch to Google or have already made the switch but want to make sure you are using it correctly then this guide will walk you through it It will show you all the basic features to make sure you can get up and running as quickly as possible It covers Google Drive Google Docs Google Slides Google Sheets and Google Forms Let s get started
