No Hard Feelings Genevieve Novak, 2022-04-01 Hungover underpaid and overwhelmed this isn't where Penny expected to be as she reached her late twenties. A sharp smart and witty look at adulting. Fleabag meets Sorrow and Bliss with a splash of Dolly Alderton. No Hard Feelings is clever, funny, and surprisingly sweet. Penny captured my heart. Toni Jordan. I exist on validation from emotionally unavailable men, biscuits, and cheap wine, and it's easier to get off with Max than a Tiny Teddy. Penny can't help but compare herself to her friends. Annie is about to become a senior associate at her law firm. Bec has just got engaged. Leo is dating everyone this side of the Yarra, and Penny is just waiting. Waiting for Max, her on again off again boyfriend, to allow her to spend the night waiting for the promotion she was promised, waiting for her Valium to kick in. Waiting for her real life to start. Out of excuses and sick of falling behind, Penny is determined to turn things around. She's going to make it work with Max, impress her tyrannical boss, quit seeing her useless therapist, remember to water her plants, and stop having panic attacks in the work toilets. But soon she's back to doomscrolling on Instagram, necking bottles of Aldi's finest sauvignon blanc, and criticising herself with renewed vigour and loathing. As her goals seem further away than ever, she has to wonder when bad habits feel so good. How do you trust what's right for you? Praise for No Hard Feelings. Genevieve Novak will inevitably be compared to other authors, but the truth is she is herself, and herself alone, and that's a good thing. Funny, biting, vulnerable, and unflinching. Novak's novel is like an ocean dip, a bit salty, very refreshing. Lauren Sams. Scaldingly funny and bitingly real. No Hard Feelings deserves a warning label: danger, may induce binge reading. With her sly wit, Genevieve Novak's debut demonstrates a brilliant eye for observing the little things in life which together can be the biggest things of all. Tori Haschka, author of Grace Under Pressure. No Hard Feelings is a gratifying, warm, and funny debut. Books Publishing. Novak has perfectly captured the self-doubt and total horror of having to be happy and functional in your twenties. It would have you crying into your chipped manicure if it wasn't so darn funny. Kimberley Allsopp, author of Love and Other Puzzles.

Full-Body Workouts for a Stronger, Sexier You Jasmine Evans,2012-07-30 ABOUT THE BOOK Pilates is a kind of
 exercise that works both the mind and the body It improves strength without necessarily building bulk It also targets the core
 midsection and other muscles that often get neglected by other activities My introduction to Pilates happened at an early age
 For most of my life I was considered tall for my age with long legs and big feet My parents thought it would be a good idea to
 enroll their lanky toddler in ballet classes I continued those classes and other dance classes for over 14 years In high school I
 was a lean 5 8 ballet dancer and basketball player I still had big feet but they were complemented by long legs long arms and
 a long neck What did I have to complain about My midsection I was relatively slim but I had a pudgy middle In high school
 where appearances are everything I wanted to do something about it Fortunately around this time my dance instructor
 introduced the class to the Pilates method She said that Pilates is based off of the ballet moves many of us had been doing for
 most of our lives She promised that the method would flatten our midsections and make us feel taller My dance instructor
 made good on her promise After just 15 20 minutes of Pilates before we started dancing I felt taller Over time I felt slimmer I
 was hooked I ve been doing Pilates ever since and I love it I ve taken classes and I ve done several Pilates DVDs Of all the
 activities I participate in everything from running to basketball to kickboxing to Zumba Pilates is one that I always come back
 to because it is really so effective and important EXCERPT FROM THE BOOK Pull the part of your stomach area that is below
 your belly button upwards and inwards as if you are pulling it away from your belt line Keep your rib cage relaxed and
 breathe normally You should be able to feel the muscle contracting in your lower abdomen Another essential skill is being
