Watch Series 10 was designed to do **The Seven P's of the Apple Watch's Marketing-Mix** Santiago Mas, 2018-08-22
Research Paper undergraduate from the year 2016 in the subject Business economics Offline Marketing and Online
Marketing grade 1 3 University of Applied Sciences Essen course Master of Business Administration MBA language English
abstract After setting marketing objectives and marketing strategies the Marketing Mix represents the third and last level of
planning in the marketing conception Therefore once the market for the Apple Watch has already been defined and
correspondingly analyzed the next step will be to review what the different elements of the Apple Watch Marketing Mix are
and how they interact with each other The interaction among them shows clearly how changes and decisions made which
affect to one specific area of a product's Marketing Mix produce different changes and up to what extent in the rest of the
elements² demonstrating that they cannot be seen considered or analyzed separately but as a whole It is clear then that only
by approaching the Apple Watch Marketing Mix as a whole in which each part is irreplaceable and subordinated to Apple's
marketing strategy can be obtained a complete view of the level of efficiency they achieve when exploiting the two Unique
Selling Propositions already stated in the conclusions of the first assignment *Apple Watch Series 11 User Guide* JOSE C.
