Social Reading Cultures on BookTube, Bookstagram, and BookTok Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni, 2024-04-30 This book examines the reading cultures developed by communities of readers and book lovers on BookTube Bookstagram and BookTok as an increasingly important influence on contemporary book and literary culture It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices bookish social media has elevated the agency and visibility of readers and book consumers within literary culture It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture Concise and accessible this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature sociology media and cultural studies as well as teachers and professionals in the book and library industries

Thriller Market Data Ocean Ecosoft, AI, 2025-02-19 Thriller Market Data offers a deep dive into the thriller genre providing a data driven analysis of publishing industry statistics to reveal the reader preferences and market trends that drive success It explores how understanding reader preferences beyond demographics and identifying actionable market trends are vital for strategic decision making The book uniquely places current market dynamics within a historical context of genre fiction and consumer behavior examining the evolution of thriller subgenres alongside shifts in reader habits including digital consumption The book dismantles the myth of relying solely on intuition advocating for data informed decisions from manuscript acquisition to marketing For example A B testing methodologies are used to pinpoint causal relationships between marketing strategies and sales performance Beginning with core concepts of market analysis the book progresses by exploring key performance indicators analyzing successful subgenres and discussing the impact of digital platforms It culminates with practical strategies for authors publishers and agents

Social Media in Musical Theatre Trevor Boffone, 2023-11-16 This book introduces readers to the widespread phenomenon of how social media platforms such as YouTube Twitter and TikTok become an extension of long standing aspects of musical theatre engagement Although casual observers may dismiss social media s import social media has revolutionized the field of musical theatre since the early days of Web 2 0 with spaces such as AOL LiveJournal and Myspace Now as social media continues to grow in relevance the nuanced ways in which digital platforms influence musical culture remain ripe for study Social Media in Musical Theatre moves beyond viewing social media merely as a passing fad or a space free from critical engagement Rather this volume takes a serious look at the critical role social media play in musicals thus challenging how social media users and musical theatre makers alike approach digital spaces This book introduces the relationship between musical theatre and social media in the 21st century as well as methods to study social

media's influence on musicals through three in-depth case studies organized around marketing on YouTube, fan engagement on Twitter, and new musical development on TikTok

Filterworld Kyle Chayka, 2025-01-21 From New Yorker staff writer and author of *The Longing for Less* Kyle Chayka comes a timely history and investigation of a world ruled by algorithms which determine the shape of culture itself. From trendy restaurants to city grids to TikTok and Netflix, feeds the world round, algorithmic recommendations dictate our experiences and choices. The algorithm is present in the familiar neon signs and exposed brick of Internet cafes, be it in Nairobi or Portland, and the skeletal modern furniture of Airbnbs in cities big and small. Over the last decade, this network of mathematically determined decisions has taken over almost unnoticed, informing the songs we listen to, the friends with whom we stay in touch, as we've grown increasingly accustomed to our insipid new normal. This ever-tightening web woven by algorithms is called *Filterworld*. Kyle Chayka shows us how online and offline spaces alike have been engineered for seamless consumption, becoming a source of pervasive anxiety in the process. Users of technology have been forced to contend with data-driven equations that try to anticipate their desires and often get them wrong. What results is a state of docility that allows tech companies to curtail human experiences, human lives for profit. But to have our tastes, behaviors, and emotions governed by computers while convenient does nothing short of call the very notion of free will into question. In *Filterworld*, Chayka traces this creeping machine-guided curation as it infiltrates the furthest reaches of our digital, physical, and psychological spaces. With algorithms increasingly influencing not just what culture we consume but what culture is produced, urgent questions arise: What happens when shareability supersedes messiness, innovation and creativity, the qualities that make us human? What does it mean to make a choice when the options have been so carefully arranged for us? Is personal freedom possible on the Internet? To the last question, *Filterworld* argues yes, but to escape *Filterworld* and even transcend it, we must first understand it.

The Art of Small Business Social Media Peg Fitzpatrick, 2024-11-19 An essential guide for small business owners that Booklist calls appealing and supremely useful in a starred review, and Guy Kawasaki points out in the foreword: if you're an entrepreneur or small business owner and want to master digital marketing, you need this book. The Digital Future of English Simone

Murray, 2025-07-18 More than any other academic discipline literary studies is the creation of print culture How then can it thrive in the digital era Early 1990s predictions of the book's imminent demise presented a simplistic either/or choice between the legacy of moribund print and triumphalist digital technology Yet we have grown to experience the two media as complexly interdependent and even complementary Clearly digital does not kill print But literary studies in the digital era cannot simply resume business as usual It is urgently necessary to reconsider the discipline's founding assumptions in light of digital technology The digital era prompts a rethinking of literary studies object of study as well as its methods theories audiences and pedagogical practices What counts as literature necessarily shifts in an age of proliferating born digital texts and do it yourself DIY online publication Where should literary studies sit institutionally and how might it graft contextually oriented social sciences methods onto its traditionally humanistic mode of textual analysis Why should literary study continue to marginalize emotional responses to texts when online communities bond via readerly affect Who is the audience for literary criticism in an age where expertise is routinely challenged yet communication with global book loving publics has never been technologically easier Finally how can we utilize digital tools to rejuvenate literary studies pedagogy and help English staff better connect with millennial age students Literary studies has been convulsed for decades by debates over electronic literature and more recently digitally aided distant reading But these discussions still mostly confine themselves to demarcating our proper object of study We need to think more expansively about digital technology's impact on the underpinning tenets of the discipline Literary Media Studies is pitched at fellow literary scholars book historians media theorists cultural sociologists digital humanists and those working at the interface of these converging disciplines It models constructive engagement with contemporary digital culture Most importantly it brings a burst of sorely needed optimism to the question of literary studies digital future
