for Academic Quality David D. Dill, Maarja Beerkens, 2010-04-12 Over the last decade the structure of higher education in
most countries has undergone significant change brought about by social demands for expanded access technological
developments and market forces In this period of change the traditional concerns with access and cost have been
supplemented by a new concern with academic quality As a consequence new public policies on academic quality and new
forms of academic quality assurance have rapidly emerged and swiftly migrated across continents and around the globe The
growing public debate about academic quality assurance within and across countries however has not always been well
informed by analyses of the strengths and weaknesses of these new policy instruments The Public Policy for Academic
Quality Research Program PPAQ was designed to provide systematic analyses of innovative external quality assurance
policies around the world This volume presents the fourteen analyses of national policies on academic quality assurance
conducted as part of the PPAQ Research Program utilizing the knowledge of informed international scholars Each policy
analysis examines the policy goals implementation problems and impacts of these newly developed national quality assurance
instruments The book concludes with an assessment of the lessons learned from these collected policy analyses and outlines
the framework conditions that appear essential for assuring academic standards in the university sector **Studies in**
