Year Mark G. Boyer, 2022-08-30 This is a book about spirituality for the spiritual but not religious. Those who identify themselves as spiritual but not religious make up one quarter of the population in the United States. This book provides 189 monthly entries based on the national and international celebrations that occur every month. Each entry begins with the name of the occasion and the date when it is marked during the month. A text from the Bible, a US public law, a presidential proclamation, a United Nations declaration, etc. that illustrates the day is presented. The text is followed by a reflection which gleams the spirituality from the text and provides historical background on the day being celebrated. Journal meditation questions follow the reflection and a prayer concludes the entry. This book is for the spiritual but not religious, a practice of spirituality that does not regard organized religion as a valuable means to further interior spiritual growth. A section of the introduction to the book explores who the spiritual but not religious are and presents the common themes that surface from research about them.
