Teaching Soccer IQ: Coach's Blueprint Etienne Noumen, *The Intelligent Player A Coach s Comprehensive Guide to Defining Teaching and Mastering Soccer IQ* by Etienne Noumen explores the concept of Soccer IQ as a crucial element distinguishing elite players It breaks down game intelligence into five core pillars tactical awareness game vision decision making anticipation and positional understanding arguing that cognitive ability often surpasses raw athleticism The guide then introduces the Dan Blank Method emphasizing the importance of speed of play and offering practical habits for intelligent players such as the one touch mindset and 3 step rule for off the ball movement Furthermore it provides coaches with a toolkit including small sided games Socratic questioning and video analysis alongside a progressive drill library to implement these principles culminating in a tactical intervention plan for common youth soccer challenges *Esports and the World Anti-Doping Code* Lovely Dasgupta, 2025-12-01 This is the first book to focus on the topic of doping in esports As the global esports industry continues to grow this book critiques current anti doping practices and considers the role that the World Anti Doping Agency and the International Olympic Committee might play in creating a sustainable anti doping scheme Drawing on new research this book maps the instances of doping within esports and considers the differences between esports and traditional sports including the multiplicity of organisations from federations to game publishers that make up the complex governance structure of the esports industry It argues that the WADA Code and well established anti doping

mechanisms proven in traditional Olympic sports can provide a blueprint for improving anti doping efforts within esports and strengthen the efficacy and legitimacy of esports governing bodies This is fascinating reading for anybody with an interest in esports video games sports and entertainment law sport policy sport management or the ethics of sport
