Online Misogyny as Hate Crime Kim Barker,Olga Jurasz,2018-12-07 The ideal of an inclusive and participatory Internet has been undermined by the rise of misogynistic abuse on social media platforms However limited progress has been made at national and to an extent European levels in addressing this issue In England and Wales the tackling of underlying causes of online abuse has been overlooked because the law focuses on punishment rather than measures to prevent such abuses Furthermore online abuse has a significant impact on its victims that is underestimated by policymakers This volume critically analyses the legal provisions

that are currently deployed to tackle forms of online misogyny and focuses on three aspects firstly the phenomenon of social media abuse secondly the poor and disparate legal responses to social media abuses and thirdly the similar failings of hate crime to tackle problems of online gender based abuses This book advances a compelling argument for legal changes to the existing hate crime and communications legislation **What Matters for Health and Happiness Among the Older**
