Hospitality Finance and Accounting provides a uniquely concise accessible and comprehensive introduction to hospitality
finance and accounting from a managerial perspective By avoiding unnecessary jargon and focusing on the essentials this
book offers a crucial breakdown of this often overly complex subject area The concise chapters cover the essential concepts
ideas and formulas to be mastered within the hospitality industry including income statements balance sheets pricing and
budgeting Each chapter is split into two sections theory and practice giving students practical insight into the everyday
realities of the hospitality industry through case studies which show how theories are applied to a range of relevant scenarios
Emphasis is placed particularly on the practices of revenue and budget management within the food and beverage industry
This will be an essential introductory yet practical resource for all Hospitality students and future managers within the
