on their commute to work each morning But Hastings was intrigued and the pair with Hastings as the primary investor and Randolph as the CEO founded a company Now with over 150 million subscribers Netflix's triumph feels inevitable but the twenty first century's most disruptive start up began with few believers and calamity at every turn From having to pitch his own mother on being an early investor to the motel conference room that served as a first office to server crashes on launch day to the now infamous meeting when Netflix brass pitched Blockbuster to acquire them Marc Randolph's transformational journey exemplifies how anyone with grit gut instincts and determination can change the world even with an idea that many think will never work What emerges though isn't just the inside story of one of the world's most iconic companies Full of counter intuitive concepts and written in binge worthy prose it answers some of our most fundamental questions about taking that leap of faith in business or in life How do you begin How do you weather disappointment and failure How do you deal with success What even is success From idea generation to team building to knowing when it's time to let go That Will Never Work is not only the ultimate follow your dreams parable but also one of the most dramatic and insightful entrepreneurial stories of our time *New York Magazine* ,1985-12-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Business Year: Turkey 2020** ,2019-12-20 Much has changed in the Turkish economy since The Business Year's last publication on the country in 2016 Then the economy was experiencing a sustained period of high growth at a time when much of the rest of the world was still struggling to recover from the global recession On our 2019 return to Turkey to produce this publication the country was in the grip of a sharp drop in its currency's value and the onset of economic recession Beleaguered by high interest rates and a decline in domestic consumer demand companies canceled planned investments and corporate loans began souring Despite this the year ended optimistically with the economy beating growth estimates inflation reined in and lower global and domestic interest rates providing a needed boost in investment activity The Business Year's country specific publications sometimes featuring over 150 face to face interviews are among the most comprehensive annual economic publications available internationally **New York Magazine** ,1986-03-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Industrial Refrigeration** ,1915
