Marketing to Moviegoers Robert Marich, 2005-04-18 *Marketing to Moviegoers* is the essential guide to film marketing. Although there are many resources available about how to make a film, there are few about how to get your film seen once it is made, and none that reveal the closely guarded marketing secrets of the major motion picture studios. The author goes right to the source and provides data, quotes, and insights from high profile industry professionals and information on market research that the major studios don't want the moviegoing public to know. This book will be indispensable for film marketing executives, consumer product marketers, students, and people new to the filmmaking field. It provides practical data such as templates for advertising campaigns of different sizes, solutions, and an insight into the complicated movie marketing process. Armed with the strategies that Hollywood professionals would prefer not to share, film professionals and marketing professionals alike will have a leg up in this complicated business. *Coming Back to a Theater Near You* Brian Hannan, 2016-06-05

In the Silent Era, film reissues were a battle between rival studios. Every Mary Pickford new release in 1914 was met with a Pickford re-release. For 50 years after the Silent Era, reissues were a battle between the studios who considered old movies found money and cinema owners who often saw audiences reject former box office hits. In the mid 1960s, the return of *The Bridge on the River Kwai* (1957), the second biggest reissue of all time, altered industry perceptions, and James Bond double features pushed the revival market to new heights. In the digital age, reissues have continued to confound the critics. This is the untold hundred year story of how old movies saved new Hollywood. Covering the booms and busts of a recycling business that became its own industry, the author describes how the likes of Charlie Chaplin, Humphrey Bogart, and Alfred Hitchcock won over new generations of audiences and explores the lasting appeal of films like *Napoleon* (1927), *Gone with the Wind* (1939), *The Rocky Horror Show* (1975), and *Blade Runner* (1982). **New York Magazine**, 1989-05-01

New York Magazine was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *Managerial Economics* William F.
