The Financial Services Guide to Fintech Devie Mohan, 2020-01-03 Fintech has emerged as one of the fastest growing sectors in the financial services industry and has radically disrupted traditional banking. However, it has become clear that for both to thrive, the culture between fintech and incumbent firms must change from one of competition to collaboration. *The Financial Services Guide to Fintech* looks at this trend in detail using case studies of successful partnerships to show how banks and fintech organizations can work together to innovate faster and increase profitability. Written by an experienced fintech advisor and influencer, this book explains the fundamental concepts of this exciting space and the key segments to have emerged, including regtech, robo advisory, blockchain, and personal finance management. It looks at the successes and failures of bank-fintech collaboration, focusing on technologies and start-ups that are highly relevant to banks' product and business areas such as cash management, compliance, and tax. With international coverage of key markets, *The Financial Services Guide to Fintech* offers practical guidance, use cases, and business models for banks and financial services firms to use when working with fintech companies.

[A World Without "Whom"](#) Emmy J. Favilla, BuzzFeed, 2017-11-14 A provocative and jaunty romp through the dos and don'ts of writing for the internet. NYT the practical, the playful, and the politically correct from BuzzFeed copy chief Emmy Favilla. *A World Without Whom* is Eats Shoots Leaves for the internet age, and BuzzFeed global copy chief Emmy Favilla is the witty go-to style guru of webspeak. As language evolves faster than ever before, what is the future of correct writing? When Favilla was tasked with creating a style guide for BuzzFeed, she opted for spelling, grammar, and punctuation guidelines that would reflect not only the site's lighthearted tone but also how readers actually use language IRL. With wry cleverness and an uncanny intuition for the possibilities of internet-age expression, Favilla makes a case for breaking the rules laid out by Strunk and White. *A world without whom*, she argues, is a world with more room for writing that's clear, timely, pleasurable, and politically aware. Featuring priceless emoji strings, sidebars, quizzes, and style debates among the most lovable word nerds in the digital media world of which Favilla is queen, *A World Without Whom* is essential for readers and writers of virtually everything: news articles, blog posts, tweets, texts, emails, and whatever comes next, so basically
