Work of Fiction Christina Williams, 2024-08-20 Work of Fiction Making a Living from Writing in the UK explores the lived experiences of fiction writers in the UK and how they make a living Based on a substantial body of interviews with a range of fiction writers it considers the ways that writers think about and talk about writing as work and how discourses of writing operate to support or undermine them as cultural workers It argues that discourses of love luck magic and being a writer function in complex ways to position writers in enchanted and elevated spaces which both nurture their practice and undermine their status as remunerated workers in the creative sector The book shows how the positives and negatives of often precarious cultural work are played out for fiction writers It has implications for writers in the ways that they think about and talk about themselves as workers and how the publishing industry values their contributions

The Compassionate Imagination Max Wyman, 2023-08-26 A radical reimagining of the role of art and culture in contemporary democracy The Compassionate Imagination proposes a new Canadian Cultural Contract that re-humanizes our way of living together by tapping into the instincts for generosity and compassion that find their expression in art Over the last forty years the arts have been increasingly deemed unimportant to the creation of an educated workforce Reflecting a broadly held political view that in a market based economy the arts were a frill they were deemed unnecessary courses compared to sciences technology engineering and mathematics But what kind of Canada might we make if we were to place art and culture at the heart of our mutual decision making and return the arts to a central position in our education shifting to steam rather than stem What might be possible if we integrate the creative imagination into our responses to the great social challenges we face What impact would it have on the future shape of our democracy It's time to find where the Compassionate Imagination can take us
