combined 180 lbs Moreover my husband s blood pressure has gone from the verge of needing medication to being low normal Still the physician asks if we can sustain it long term In fact more than one medical professional has told me that this way of eating is too difficult to follow or too restrictive One of the goals of this cookbook is to prove that notion wrong This cookbook has the everyday recipes that my family and I have enjoyed on our very own journey to health There are some low carb treat but the majority of the recipes in this book are the simple recipes that have become part of our day to day lives There are delicious filling breakfasts that will keep your tummy happy when it s tired of scrambled eggs and bacon and hearty sides that will never make you feel deprived This is diet food that you will be proud to share at any potluck and your carbivore friends will expect you to share I snuck in a few very low carb treats for birthdays holidays or special occasions because these are the foods with which we have also celebrated on our journey It is my sincere wish that these recipes can help you sustain a very low carb diet as a delicious life style You can learn more about my journey from my YouTube channel Cooking Keto with Kristie at https://www.youtube.com/channel/UCFGt_87bzlJXHxzvsU8leOQ videos You can also follow my Facebook page Simply Keto or my website at www.cookingketowithkristie.com
