Take Control of Your Passwords, 4th Edition Joe Kissell, 2025-01-09 Overcome password frustration with Joe Kissell's expert advice Version 4.2 updated January 9, 2025 Password overload has driven many of us to take dangerous shortcuts. If you think "ZombieCat12" is a secure password that you can safely reuse, a password or that no one would try to steal your password, think again. Overcome password frustration with expert advice from Joe Kissell. Passwords have become a truly maddening aspect of modern life, but with this book, you can discover how the experts handle all manner of password situations, including multi-factor authentication that can protect you even if your password is hacked or stolen. The book explains what makes a password secure and helps you create a strategy that includes using a password manager, working with oddball security questions like "What is your pet's favorite movie," and making sure your passwords are always available when needed. Joe helps you choose a password manager or switch to a better one in a chapter that discusses desirable features and describes nine different apps, with a focus on those that work in macOS, iOS, Windows, and Android. The book also looks at how you can audit your passwords to keep them in tip-top shape, use two-step verification and two-factor authentication, and deal with situations where a password manager can't help. New in the Fourth Edition is complete coverage of passkeys, which offer a way to log in without passwords and are rapidly gaining popularity, but also come with a new set of challenges and complications. The book also now says more about passcodes for mobile devices. An appendix shows you how to help a friend or relative set up a reasonable password strategy if they're unable or unwilling to follow the recommended security steps, and an extended explanation of password entropy is provided for those who want to consider the math behind passwords. This book shows you exactly why short passwords with upper and lowercase letters, digits, and punctuation are not strong enough. You cannot turn a so-so password into a great one by tacking a punctuation character and number on the end. It is not safe to use the same password everywhere, even if it's a great password. A password is not immune to automated cracking because there's a delay between login attempts. Even if you're an ordinary person without valuable data, your account may still be hacked, causing you problems. You cannot manually devise random passwords that will defeat potential attackers. Just because a password doesn't appear in a dictionary does not necessarily mean that it's adequate. It is not a smart idea to change your passwords every month. Truthfully, answering security questions like "What is your mother's maiden name" does not keep your data more secure. Adding a character to a 10-character password does not make it 10% stronger. Easy-to-remember passwords like "correct horse battery staple" will not solve all your password problems. All password managers are not pretty much the same. Passkeys are beginning to make inroads and may one day replace most, but not all, of your passwords. Your passwords will not be safest if you never write them down and keep them only in your head. But don't worry; the book also teaches you a straightforward strategy for handling your passwords that will keep your data safe without driving you batty. *Take Control of Automating Your Mac, 5th Edition* Joe Kissell, 2025-01-17

Work faster increase your efficiency and have more fun with automation Version 5 1 updated January 17 2025 Ever wondered if automation could make your life easier In *Take Control of Automating Your Mac Fifth Edition* Mac expert Joe Kissell shows you how to save time and aggravation by using numerous built in macOS tools as well as helpful third party apps to automate routine tasks and procedures n Looking for ways to work smarter and faster with your Mac In this updated and expanded fifth edition of his popular guide to Mac automation Joe Kissell shows how anyone at any level of experience can save time and effort and avoid unnecessary errors by using automation techniques that range from the simplest keyboard shortcut to the most complicated script In this book Joe teaches you how to automate routine tasks in a wide variety of ways You can begin by making the most of productivity features such as Siri Spotlight for launching apps and text replacement and then move on to the more sophisticated automation tools built into macOS such as Shortcuts Automator AppleScript services and shell scripts In addition Joe gives extensive information about third party automation apps that can make a huge difference to your work efficiency such as Keyboard Maestro TextExpander OmniGraffle and many more As an extra bonus the book includes coupons for discounts on six automation apps Whether you re new to automation you just need a refresher or you re experienced with automation but want to go deeper this book can teach you the skills you need to automate with ease *Take back your time work more efficiently and have more fun with your Mac with Take Control of Automating Your Mac Fifth Edition* With this book you ll learn how to Get started with the built in macOS automation tools including Shortcuts Automator AppleScript and shell scripts Take full advantage of input devices to save clicks and keystrokes Customize toolbars and your Touch Bar to put hard to find controls at your fingertips Use your voice to control your Mac with Siri and Voice Control Dictation Commands Automate text expansion for faster more consistent typing Control the Finder with a launcher and by organizing files with Hazel Supercharge your clipboard to remember and reformat previous copies Write macros in Microsoft Office and Nisus Writer Pro Create rules to file email automatically in Apple Mail and Outlook Log in to websites faster with a password manager Automate cloud services with IFTTT and Zapier Set up automatic backup and syncing Run tasks automatically with Login Items Calendar events or launchd Use Omni Automation for JavaScript based automation tasks Control nearly anything on your Mac with Keyboard Maestro

Take Control of Securing Your Apple Devices Glenn Fleishman, 2025-09-29 Keep your Mac iPhone and iPad safe Version 1 1 1 published September 28 2025 Secure your Mac iPhone or iPad against attacks from the internet physical intrusion and more with the greatest of ease Glenn Fleishman guides you through protecting yourself from phishing email and other exploits as well as network based invasive behavior Learn about built in privacy settings the Secure Enclave FileVault hardware encryption keys sandboxing privacy settings Advanced Data Protection Lockdown Mode resetting your password when all hope seems lost and much more The digital world is riddled with danger even as Apple has done a fairly remarkable job at keeping our Macs iPhones and iPads safe But the best security strategy is staying abreast of past risks and anticipating future ones This book gives you

all the insight and directions you need to ensure your Apple devices and their data are safe It s up to date with macOS 26 Tahoe iOS 26 and iPadOS 26 You ll learn about the enhanced Advanced Data Protection option for iCloud services allowing you to keep all your private data inaccessible not just to thieves and unwarranted government intrusion but even to Apple Also get the rundown on Lockdown Mode to deter direct network and phishing attacks passkeys and hardware secure keys for the highest level of security for Apple Account and website logins and Mac specific features such as encrypted startup volumes and FileVault s login protection process Security and privacy are tightly related and this book helps you understand how macOS iOS and iPadOS have increasingly compartmentalized and protected your personal data and how to allow only the apps you want to access specific folders your contacts and other information Here s what this book has to offer Master the privacy settings on your Mac iPhone and iPad Calculate your level of risk and your tolerance for it Use Apple s Stolen Device Protection feature for iPhone that deflects thieves who extract your passcode through coercion or misdirection Learn why you re asked to give permission for apps to access folders and personal data on your Mac Moderate access to your audio video screen actions and other hardware inputs and outputs Get to know the increasing layers of system security deployed over the past few years Prepare against a failure or error that might lock you out of your device Share files and folders securely over a network and through cloud services Upgrade your iCloud data protection to use end to end encryption Control other low level security options to reduce the risk of someone gaining physical access to your Mac or override them to install system extensions Understand FileVault encryption and protection for Mac and avoid getting locked out Investigate the security of a virtual private network VPN to see whether you should use one Learn how the Secure Enclave in Macs with a T2 chip or M series Apple silicon affords hardware level protections Dig into ransomware the biggest potential threat to Mac users though rare in practice Discover recent security and privacy technologies such as Lockdown Mode and passkeys Learn why your iPhone may restart automatically if it s been idle for several days

The Autocar ,1968-02-22 *Trilogía de Illumbe (edición estuche con: El mentiroso | En plena noche | Entre los muertos)* Mikel Santiago,2025-11-20 Edici n que re ne los tres libros de la aclamada Trilog a de Illumbe de Mikel Santiago Un thriller magistral lleno de misterios y giros sorprendentes cuya clave podr a estar en la pregunta que late en el alma de esta historia es posible enterrar un secreto para siempre El mentiroso En la primera escena el protagonista despierta en una f brica abandonada junto al cad ver de un hombre desconocido y una piedra con restos de sangre Cuando huye decide tratar de reconstruir l mismo los hechos Sin embargo tiene un problema no recuerda apenas nada de lo ocurrido en las ltimas cuarenta y ocho horas Y lo poco que s sabe es mejor no cont rselo a nadie As arranca este thriller que nos traslada a un pueblo costero del Pa s Vasco entre sinuosas carreteras al borde de acantilados y casas de muros resquebrajados por las noches de tormenta una peque a comunidad donde solo aparentemente nadie tiene secretos para nadie _____ En plena noche Han pasado m s de veinte a os desde que Diego Letamendia estrella del rock en declive actu por ltima vez en su pueblo natal Illumbe Esa fue la noche del

final de su banda y su grupo de amigos y también la de la desaparición de Lorea su novia La policía nunca logró esclarecer lo ocurrido con la chica que fue vista saliendo a toda prisa de la sala de conciertos como si huyera de algo o de alguien Después de aquello Diego emprendió una carrera de xitos en solitario y jamás regresó al pueblo Cuando uno de los miembros de la banda muere en un extraño incendio Diego decide volver a Illumbe Han pasado muchos años y el reencuentro con los antiguos amigos es difícil ninguno de ellos sigue siendo la persona que fue Mientras crece la sospecha de que el incendio no fue accidental Es posible que todo esté relacionado y que tanto tiempo después Diego pueda encontrar nuevas pistas sobre lo que pasó con Lorea _____ Entre los muertos Hay muertos que nunca descansan y tal vez no deban hacerlo hasta que se les haga justicia Nadie lo sabe mejor que Nerea Arruti agente de la Ertzaintza en Illumbe una mujer solitaria que arrastra también sus propios cadáveres y fantasmas del pasado Una historia de amor prohibida una muerte supuestamente accidental una mansión con vistas al Cantabrico donde todos tienen algo que ocultar y un personaje misterioso conocido como el Cuervo cuyo nombre aparece como una sombra a lo largo de la novela Estos son los ingredientes de una investigación que se irá complicando página tras página y en la que Arruti tal como descubrirán pronto los lectores será mucho más que la agente encargada del caso La crítica ha dicho Realmente adictivo Publishers Weekly El regreso por la puerta grande de un autor que ya ha sido publicado en veinte países y cuyo sello personal deslumbra en cada página El Correo
