These don't have to be big elaborate things They can be small and simple Also keep the goals just to the day 3 Affirmations or Prayer 5 Minutes Affirmations are positive statements that can help you to challenge and overcome self sabotaging and negative thoughts When you repeat them often and believe in them you can start to make positive changes They are an extremely powerful way to rewire how your brain thinks thus changing how you feel and your external physical world Choose an affirmation that is right for you and practice it for 5 minutes in silence My favorite affirmation is I can be what I will do be 4 Visualizations 5 Minutes Visualizations are similar to meditating The difference In meditation you do your best to think about nothing except your breathing In visualization you envision yourself accomplishing your goals The goal here is to visualize yourself doing and living your affirmation 5 Scribing Journaling Part 2 15 30 Minutes Now that the mind is focused take the next 15 30 minutes to write freely This can be free writing about random things or structure writing it doesn't matter Sometimes it is simply helpful to empty out your thoughts on paper so that you have room during the day to learn and retain new things It can be a way of house cleaning 6 Reading 15 30 Minutes Reading is extremely important for all people It is a way we feed our brain what it needs to be happy It is known that some of the most famous and successful people in the world ie Bill Gates Warren Buffet and more spend about 80% of their working days reading and learning new information However that might be overkill for most people just 15 30 minutes every day will make significant difference 7 Exercising 10 30 minutes Maybe this means going for a morning run before the sun wakes you or doing some yoga It doesn't have to be anything rigorous but some kind of activity is good Remember The Key to Success is consistency Stay consistent with your routine and observe the results Good Luck on your Miracle Journey Morning Routine Curtis Leone, 2020-02 Do you find yourself struggling to take advantage of the day Does your day seem disorganized and cursed from the morning onwards Then I Invite You To Take Advantage Of My Limited Time Discount We're all driven and motivated by something The goals the dreams the passion all of those driving forces keep us moving forward one foot in front of the other That motivation gives you the carpe diem you need to seize your day How do you keep that fire of desire going With a good morning routine A morning routine that leaves you feeling empowered energized and ready to take on the rest of the day is the defining success factor Your morning routine sets the tone for how the rest of your day is going to go Everyone's got their way of how they like to get things done in the morning but if your current morning habits are leaving you feeling tired uninspired and drained mentally and emotionally even before your day has begun clearly something needs to change Let the first act of every morning be to make the following resolve for the day I shall not fear anyone on Earth I shall fear only God I shall not bear ill will toward anyone I shall not submit to injustice from anyone I shall conquer untruth by truth And in resisting untruth I shall put up with all suffering Mahatma Gandhi We require routine and tradition That's order Order can become excessive and that's not good but chaos can swamp us so we drown and that is also not good We need to stay on the straight and narrow path Jordan B Peterson 12 Rules for Life An Antidote to Chaos Develop a habit of being grateful and thankful for everything good
