Palestinians questioning old allegiances to Israel How did that transformation come about What does it mean for the future of Judaism In Days of Awe Atalia Omer examines this shift through interviews with a new generation of Jewish activists rigorous data analysis and fieldwork within a progressive synagogue community She highlights people politically inspired by social justice campaigns including the Black Lives Matter movement and protests against anti immigration policies These activists she shows discover that their ethical outrage at US policies extends to Israel s treatment of Palestinians For these American Jews the Jewish history of dispossession and diaspora compels a search for solidarity with liberation movements This shift produces innovations within Jewish tradition including multi racial and intersectional conceptions of Jewishness and movements to reclaim prophetic Judaism Charting the rise of such religious innovation Omer points toward the possible futures of post Zionist Judaism **Computerworld** ,1983-04-18 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network The Pregnancy Experience McKenzie Nelson,2024-08-07 In 2023 there were about 368 000 births daily in the world With today s scientific competencies every single one of those people was birthed by a woman So why is there still so much mystery involved in the process Your body is hardwired to do this but that doesn t mean you have any idea what you re about to go through Why did I not know what to mentally prepare myself for during the growth and delivery of my baby Why did I have no idea what would happen to me at the hospital Why did I think my body was done with baby things after forty weeks Why has the normal for advice passed down woman to woman about pregnancy become Yes it ll hurt but you don t remember that in the end or four hundred plus page books that take forever to read and are more biology than helpful tips And why have we as a society written that off as okay We would never expect someone to go into a new job with little to no instruction And when a new employee asks hard hitting questions in detail and points out faults in the process for correction we give them an award we don t pointedly avoid their questions and tell them this is how things are So why are so many women expected to go into the hospital blind not having any idea what to expect during their delivery besides you push and a baby pops out You are going through a fast paced life altering experience so you need a fast paced guide on what to expect for the near future and what you should know to expect from your body and mind during this wonderful experience The birth of my child was fully worth everything I went through in this book however I could have experienced less fear anxiety and emotional strain with my husband during my pregnancy had I known what to expect and prepare for from preconception to postbirth normalcy Platform Business Models R.
