Garnett provides a bracing reassessment of the role of the British Prime Minister from Margaret Thatcher's controversial tenure to Boris Johnson's attempt to confront a pandemic with a ministerial team created to face the very different challenge of Brexit. Taking a thematic approach, Garnett explores the impact of major political developments and personalities on key aspects of prime ministerial functions as party leader, Cabinet maker, chief diplomat, and electoral talisman. Much of the controversy over the position of Prime Minister he concludes arises from a confusion between the occupant's inescapable political prominence and his or her often limited ability to achieve positive policy outcomes. With both David Cameron and Theresa May forced to resign since 2016, the book questions whether the nature of the job has become a deterrent for politicians who are motivated by a desire to serve the British public, opening the way for individuals with much less laudable motivations.

Historic Documents of 2019 Heather Kerrigan, 2020-06-10. Published annually since 1972, the Historic Documents series has made primary source research easy by presenting excerpts from documents on the important events of each year for the United States and the World. Each volume pairs 60 to 70 original background narratives with over 100 documents to chronicle the major events. Various records may include official reports, surveys, speeches from leaders and opinion makers, court cases, legislation, testimony, and much more. Historic Documents is renowned for the well-written and informative background history and context it provides for each document. Organized chronologically, each volume covers the same wide range of topics: business, the economy and labor, energy, environment, science, technology, and transportation; government and politics; health and social services; international affairs; national security and terrorism; rights and justice. Each volume begins with an insightful essay that sets the year's events in context, and each document or group of documents includes a comprehensive introduction, background information on the event, full source citations, easy access to material, detailed and thematic table of contents, references to related coverage, documents from the last ten editions of the series.
