Pediatric Airway Management for the Prehospital Professional Marianne Gausche-Hill, 2004 Emergency management of the pediatric airway requires an understanding of the anatomic physiologic and behavioral differences in infants and children. It also requires specific skills that EMS providers do not have many opportunities to practice. This comprehensive, easily understandable text teaches EMS providers how to assess and manage pediatric airway emergencies. Core to this text is the Pediatric Airway Management Algorithm, a chart that teaches the process for assessing and managing any pediatric airway emergency. Each chapter describes a different component of this invaluable tool. **Leddy & Pepper's Professional Nursing** Lucy J. Hood, 2021-08-06 Easy to read, visually engaging, and updated with the latest practices and considerations in clinical nursing practice, Leddy & Pepper's Professional Nursing 10th Edition provides a practical overview of the contemporary nursing profession and addresses the philosophical, developmental, sociocultural, environmental, political, health care delivery, and leadership issues essential to career enhancement in clinical practice. This enhanced 10th Edition is accompanied by a robust package of interactive resources that engage today's learners and help you instill the understanding and confidence for clinical nursing success. *Leddy & Pepper's Conceptual Bases of Professional Nursing* Lucy Hood, 2013-11-26 Easy to read and highly practical, Leddy & Pepper's Conceptual Bases of Professional Nursing 8th Edition provides a broad overview of the nursing profession, addressing philosophical, developmental, sociocultural, environmental, political, health care delivery, and leadership issues vital for career enhancement. The author covers professional nursing roles and client care issues that stimulate nurses to learn more about presented content and present strategies to deal with the emotional and ethical dimensions of professional practice. Updated to reflect the latest advances in the field, the Eighth Edition now includes real-life clinical scenarios and introduces students to the complex environment of nursing practice today through Hood's Professional Nurse Contributions Model, which synthesizes the affective, cognitive, behavioral, and psychomotor domains of professional practice. Also new is a unique online Interactive Literature Assessment Tool that gets students thinking critically about the relationship between issues discussed in current journal articles and their future nursing careers. This edition also offers an expanded student resource program which is customizable to the student's level of practice expertise. *Basic Life Support Provider: Pediatric Education for Prehospital Professionals*, 2009-10-05 Basic Life Support Provider: Pediatric Education for Prehospital Professionals BLS PEPP is a comprehensive source of prehospital medical information for the emergency care of infants and children.
