Twentieth-Century British and American Theatre Christopher Innes, Katherine Carlstrom, Scott Fraser, 2019-05-23 First published in 1999 this volume aims to develop the field of theatre studies by promoting the study of performative elements and thus fostering their consideration in the critical interpretation of dramatic literature The authors additionally suggest ways of approaching and evaluating the work of individual performers as well as of directors designers and producers It is an archival guide which covers manuscript and ephemera rather than published texts and attempts to indicate the potential value of the documentary material listed This unique reference guide provides descriptions and evaluations of archive manuscript materials and ephemera relating to twentieth century British and American theatre Over 100 archives across Europe North America and Britain were examined in the compilation of this volume The documents include unpublished playscripts state and costume designs directors books prompt books lighting plots stage photos correspondence theatre programmes One hundred and seventy five entries are arranged alphabetically and cover playwrights directors designers and actors By its nature theatre is a collaborative enterprise a facet which is recognised in the comprehensive cross referencing of entries The last twenty years has seen a shift in drama studies from text based criticism to analysis of performance The materials covered in this book have therefore become essential to future research in the field

The Complete Aeschylus : Volume II: Persians and Other Plays Aeschylus, Peter Burian Professor of Classical and Comparative Literature and Theater Studies Duke University, Chapel Hill Alan Shapiro Distinguished Professor of English and Creative Writing University of North Carolina, 2009-02-17 Based on the conviction that only translators who write poetry themselves can properly re create the celebrated and timeless tragedies of Aeschylus Sophocles and Euripides the Greek Tragedy in New Translations series offers new translations that go beyond the literal meaning of the Greek in order to evoke the poetry of the originals The volume brings together four major works by one of the great classical dramatists Prometheus Bound translated by James Scully and C John Herrington a haunting depiction of the most famous of Olympian punishments The Suppliants translated by Peter Burian an extraordinary drama of flight and rescue arising from women's resistance to marriage Persians translated by Janet Lembke and C John Herrington a masterful telling of the Persian Wars from the view of the defeated and Seven Against Thebes translated by Anthony Hecht and Helen Bacon a richly symbolic play about the feuding sons of Oedipus These four tragedies were originally available as single volumes This new volume retains the informative introductions and explanatory notes of the original editions and adds a single combined glossary and Greek line numbers
