Penguin And The Cupcake:

Penguin and the Cupcake Ashley Spires, 2009-03-12 Inspired by the felt animal finger puppets Spires creates this illustrator's The Red Shoes quirky authorial debut tells of an Antarctic resident who wearies of his fish diet Tempted by news that creatures in the northern hemisphere lead the good life eating cupcakes Penguin sets out to sample this treat But when he flies off under his own power Walrus and Polar Bear pop out from behind the page Stop right there and inform the bird that penguins can't fly The story resumes with an airplane transporting Penguin to the Arctic there he again encounters Walrus and Polar Bear but no cupcakes he finally gets some on the flight home If not especially memorable Spires's slightly wooden cartoon characters have personality Adults and kids alike should be amused by the meta narratives as well as sidebar notes that correct the characters' occasional misinformation after Walrus claims to be on a strict kelp diet Walruses don't eat kelp Unfortunately this walrus has self-esteem issues She was trying to meet an unrealistic physical ideal A humorous story but like the confection Penguin craves light in substance Ages 3-7 May Copyright Reed Business Information a division of Reed Elsevier Inc All rights reserved Hello, Cupcake!
