Dogfight Fred Vogelstein,2024-03-26 Behind the bitter rivalry between Apple and Google and how it s reshaping the way we think about technology The rise of smartphones and tablets has altered the industry of making computers At the center of this change are Apple and Google two companies whose philosophies leaders and commercial acumen have steamrolled the competition

In the age of Android and the iPad these corporations are locked in a feud that will play out not just in the mobile marketplace but in the courts and on screens around the world Fred Vogelstein has reported on this rivalry for more than a decade and has rare access to its major players In Dogfight he takes us into the offices and board rooms where company dogma translates into ruthless business behind outsize personalities like Steve Jobs Apple's now lionized CEO and Eric Schmidt Google's executive chairman and inside the deals lawsuits and allegations that mold the way we communicate Apple and Google are poaching each other's employees They bid up the price of each other's acquisitions for spite and they forge alliances with major players like Facebook and Microsoft in pursuit of market dominance Dogfight reads like a novel vivid nonfiction with never before heard details This is more than a story about what devices will replace our cell phones and laptops It's about who will control the content on those devices and where that content will come from about the future of media and the Internet in Silicon Valley New York and Hollywood **iPad and iPad Pro For Dummies** Edward C.
