Kiplinger's Personal Finance ,1993-05 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics Mortgage arrears and access to mortgage finance Great Britain: Parliament: House of Commons: Treasury Committee,2009-08-08 This report focuses on households affected by the recession struggling with mortgage arrears or at risk of repossession The role of the Financial Services Authority FSA is also scrutinised The report notes that both mortgage arrears and repossession levels are on an upward trend and that both are expected to continue rising over the next few years as a result of the recession The Committee acknowledges that many mainstream lenders are taking pro active steps to support consumers in mortgage difficulties but expresses concern at the lack of flexibility and forbearance shown by some lenders in the sub prime specialist and second charge sectors towards homeowners in arrears and the fact that some lenders are charging high and excessive mortgage arrears fees to customers who fall into mortgage difficulties The FSA should take a much more robust stance towards tackling and eliminating unfair arrears charges The report criticises the seemingly leisurely approach of the FSA in terms of completing its mortgage arrears review and enforcing possible breaches in the mortgage arrears rules It calls upon the FSA to spell out clearly in its forthcoming review how it will improve its performance in terms of bringing miscreant firms to book The report recommends that the Government re examine its longer term strategy towards supporting homeowners in mortgage difficulties to ensure that adequate mechanisms to support homeowners are in place even once the current downturn has ended

Parliament. House of Commons. Public Accounts Committee,Great Britain: Parliament: House of Commons: Committee of Public Accounts,2009 This report examines recording and acting on complaints and on the adequacy and costs of the complaints process in the Department for Work and Pensions the Department and Jobcentre Plus and the Pensions Disability and Carers Service the Agencies The Agencies provided services to over 22 million customers in 2007 08 and around 70 000 complaints were recorded down from 103 000 in 2003 04 A three tiered process has been introduced and Agencies aim to resolve most complaints at frontline staff or manager level so as to minimise the number reaching Chief Executive level Additionally dissatisfied customers have two independent resolution routes if internal

processes fail the Independent Case Examiner and the Parliamentary and Health Service Ombudsman Whilst only about 200 cases reach the Ombudsman the proportion upheld at that stage is around two thirds suggesting that there is scope for improvement in handling the most difficult cases Staff attitude is the most common cause of complaints Another common complaint is the cost of calling the Agencies particularly from mobile phones The Department has no consistent system across its operations for recording complaints although it is currently piloting a simplified system with the intention of moving to a common system There is also limited central monitoring of the quality of replies to customers The cost of handling complaints is estimated by the National Audit Office to be between 4.7 million and 6.2 million although the Department does not monitor such information Resolving at the front line a third of the cases which currently reach tier three Agency Chief Executive level could save the Department around 700 000 The \$350 Billion Question United States.
