People And Places Connections Between The Inner And Outer Landscape:

The Routledge Companion to Landscape Studies Peter Howard, Ian Thompson, Emma Waterton, Mick Atha, 2018-09-03

This new edition of *The Routledge Companion to Landscape Studies* contains an updated and expanded selection of original chapters which explore research directions in an array of disciplines sharing a concern for landscape a term which has many uses and meanings. It features 33 revised and or updated chapters and 14 entirely new chapters on topics such as the Anthropocene Indigenous landscapes challenging landscape Eurocentrism's photography and green infrastructure planning. The volume is divided into four parts: Experiencing landscape, Landscape heritage and culture, Landscape society and justice and Design and planning for landscape. Collectively the book provides a critical review of the various fields related to the study of landscapes including the future development of conceptual and theoretical approaches as well as current empirical knowledge and understanding. It encourages dialogue across disciplinary barriers and between academics and practitioners and reflects upon the implications of research findings for local national and international policy in relation to landscape. The Companion provides a comprehensive and up to date guide to current thinking about landscapes and serves as an invaluable point of reference for scholars researchers and graduate students alike.

Landscape, Memory and History Pamela J. Stewart, Andrew Strathern, 2003-05-20 How do people perceive the land around them and how is that perception changed by history? This book explores this question from an anthropological angle assessing the connections between place space identity nationalism history and memory in a variety of different settings around the world. Taking historical change and memory as key themes it is a broad study that will appeal to a readership across the social sciences. Contributors from North America Australia New Zealand Taiwan and Europe explore a wide variety of case studies that includes seascapes in Jamaica the Solomon Islands the forests of Madagascar Aboriginal and European notions of landscape in Australia place and identity in 19th century maps and the bogs of Ireland contemporary concerns over changing landscapes in Papua New Guinea and representations of landscape and history in the poetry of the Scottish Borders.

Environmental Expressive Therapies Alexander Kopytin, Madeline Rugh, 2017-05-25 *Environmental Expressive Therapies* contributes to the emerging phenomenon of eco arts therapy by highlighting the work that international expressive arts therapists have accomplished to establish a framework for incorporating nature as a partner in creative expressive arts therapy practices. Each of the contributors explores a particular specialization and outlines the implementation of multi professional and multi modal earth based creative expressive interventions that practitioners can use in their daily work with patients with various clinical needs. Different forms of creative expressive practices such as creative writing play therapy techniques visual arts expressive music dramatic performances and their combinations with

wilderness and animal assisted therapy are included in order to maximize the spectrum of treatment options Environmental Expressive Therapies represents a variety of practical approaches and tools for therapists to use to achieve multiple treatment goals and promote sustainable lifestyles for individuals families and communities *Industrial Ruination, Community, and Place* Alice Mah,2012-01-01 F bricas abandonadas astilleros refiner as y naves industriales en desuso forman parte del paisaje de muchas de nuestras ciudades A pesar del deterioro estas estructuras permanecen unidas firmemente al tejido urbano que las rodea En este libro Alice Mah explora el proceso del declive urbano y posindustrial de tres ciudades distintas Niagara Fallls Canada USA Newcastle upon Tyne UK and Ivanovo Russia **The Druid Way Made Easy** Graeme Talboys,2011-06-16 Graeme K Talboys has been Druid for a long time An encounter with a spirit in a beech grove fifty years ago convinced him that the eye rarely sees all there is to see A few years later he realised there were ways to discover more about those other worlds amongst the trees The word Druid didn t drift into his consciousness until he was a teenager but by then he was already exploring the Forest and fascinated by the history and archaeology of ancestral Celts Since then Graeme has been a teacher in schools and museums He now writes passing on what he has learned through fiction and non fiction He spent some time in a Druid Order completing their formal training but is much more comfortable exploring the Forest on his own Since 2001 he has administered the Hedge Druid Network with fellow Druid Julie White

Devil's Bargains Hal Rothman, 1998 The West is popularly perceived as America s last outpost of unfettered opportunity but twentieth century corporate tourism has transformed it into America s land of opportunism From Sun Valley to Santa Fe towns throughout the West have been turned over to outsiders and not just to those who visit and move on but to those who stay and control Although tourism has been a blessing for many bringing economic and cultural prosperity to communities without obvious means of support or allowing towns on the brink of extinction to renew themselves the costs on more intangible levels may be said to outweigh the benefits and be a devil s bargain in the making Hal Rothman examines the effect of twentieth century tourism on the West and exposes that industry s darker side He tells how tourism evolved from Grand Canyon rail trips to Sun Valley ski weekends and Disneyland vacations and how the post World War II boom in air travel and luxury hotels capitalized on a surge in discretionary income for many Americans combined with newfound leisure time From major destinations like Las Vegas to revitalized towns like Aspen and Moab Rothman reveals how the introduction of tourism into a community may seem innocuous but residents gradually realize as they seek to preserve the authenticity of their communities that decision making power has subtly shifted from the community itself to the newly arrived corporate financiers And because tourism often results in a redistribution of wealth and power to outsiders observes Rothman it represents a new form of colonialism for the region By depicting the nature of tourism in the American West through true stories of places and individuals that have felt its grasp Rothman doesn t just document the effects of tourism but provides us with an enlightened explanation of the shape these changes take Deftly balancing historical perspective with an eye for what s happening in the region right now his book sets new standards for the study of tourism and is one that no citizen of the West whose life is touched by that industry can afford to ignore
