Pinocchio 1883 and the Alice books 1865 1871 as important works in the evolution of posthuman ideas This study provides radical new readings of children s literature and demonstrates that the genre offers sophisticated interventions into the nature boundaries and dominion of humanity The Formulas of Popular Fiction Anna Faktorovich,2014-09-22 This book creates a taxonomy for the major bestselling fictional genres romance e g authors Heyer Cartland Woodiwiss and Roberts religious and inspirational Corelli and Douglas mystery and detective Conan Doyle Christie and Mankell and science fiction horror and fantasy Wells Tolkien Orwell Niven King and Rowling Chapters look at a genre from its roots to its most recent works The structural patterns in the plot characters and setting of these genres are then explained The book also provides a critique of currently popular hyper formulaic hack unliterary writings that have multiplied in recent decades Special topics such as the publishing oligopoly and the resulting homogeneity among bestselling works and the steady movement from literary to unliterary fiction are also examined **The Army List** Great Britain.
