Women's Voices and Feminism in Polish Cultural Memory Urszula Chowaniec, Ursula Phillips, 2013-02-22 Every time a so called woman's voice appears in the media in connection with any sphere of creative activity it finds itself confronted by the almost formulaic expression feminism today instantaneously suggesting that feminism is in fact a matter of the past and that if we want to return to this phenomenon then we need to explain ourselves Women's Voices and Feminism in Polish Cultural Memory seeks to elaborate the problem of generalization expressed by such formulas as feminism today while analysing how feminist sympathies have shaped Polish literature film and language This volume does not want to impose any hegemonic understanding of feminism or imply any a priori ideological assumptions about women's nature or role in society It seeks to identify what is particular to the Polish feminist experience It starts by asking such questions as what is feminism today or what can we learn from the history of Polish women's writing In answering these questions the women scholars who have contributed to the volume examine Polish cultural history and memory in the context of the transformations transitions and catastrophes of the last two centuries whilst firmly rooting Polish experience within the common European heritage
