Performative Plautus Sophistics Metatheater Translation:

Performative Plautus Rodrigo Tadeu Gonçalves, 2015-10-05 This book provides a theoretical and philosophical framework for the analysis of Plautus within a performative and philosophical perspective on language and theatrical performance The book offers an insightful understanding of Plautus texts as more than simple literary remains of archaic Latin literature but as witnesses of a process of using language to perform an entire world through the recognition of the power of language itself as a creative and constitutive agent of theatrical codification and variation of its own rules and conventions The analyses of several of Plautus plays are carried out through the lenses of Cassin's proposal of an *effet monde* as a result of a performative sophistic view on language as well as Florence Dupont's unique stance on Roman Comedy as an example of non Aristotelian theater based on metatheater and convention variation as special characteristics of a ludic theater which plays around with its own rules after putting them in the foreground Barbara Cassin and Florence Dupont also contribute with a foreword and a preface *Inventing Origins? Aetiological Thinking in Greek and Roman Antiquity*, 2021-12-06 Aetiologies seem to gratify the human desire to understand the origin of a phenomenon However as this book demonstrates aetiologies do not exclusively explore origins Rather in inventing origin stories they authorise the present and try to shape the future This book explores aetiology as a tool for thinking and draws attention to the paradoxical structure of origin stories Aetiologies reduce complex ambivalence and plurality to plainly causal and temporal relations but at the same time by casting an anchor into the past they open doors to progress and innovation Reading Republican Oratory Christa Gray, Andrea Balbo, Richard M. A. Marshall, Catherine E. W. Steel, 2018-02-13 Public speech was a key aspect of politics in Republican Rome both in theory and in practice and recent decades have seen a surge in scholarly discussion of its significance and performance Yet the partial nature of the surviving evidence means that our understanding of its workings is dominated by one man whose texts are the only examples to have survived in complete form since antiquity Cicero This collection of essays aims to broaden our conception of the oratory of the Roman Republic by exploring how it was practiced by individuals other than Cicero whether major statesmen jobbing lawyers or exceptionally the wives of politicians It focuses particularly on the surviving fragments of such oratory with individual essays tackling the challenges posed both by the partial and often unreliable nature of the evidence about these other Roman orators often known to us chiefly through the tendentious observations of Cicero himself and the complex intersections of the written fragments and the oral phenomenon Collectively the essays are concerned with the methods by which we are able to reconstruct non Ciceronian oratory and the exploration of new ways of interpreting this evidence to tell us about the content context and delivery of those speeches They are arranged into two thematic Parts the first addressing questions of reception selection and transmission and the second those of reconstruction contextualization and interpretation together they represent a comprehensive overview of the non Ciceronian speeches that will be of use to all ancient historians philologists and literary classicists with an interest in the

Receptions of the Classics in the African Diaspora of the Hispanophone and Lusophone Worlds

Madeleine M. Henry, Elisa Rizo, 2016-09-21 Atlantis Otherwise expands the study of the African diaspora by focusing on postcolonial literary expressions from Latin America and Africa The book studies the presence of classical references in texts written by writers black and non black who are committed to the articulation of the fragmented history of the African experience from the Middle Passage to the present outside of Euro centric views Consequently this book addresses the silencing of the African Diaspora within the official discourses of Latin America and Hispanic Africa as well as the limitations that linguistic and geographic boundaries have imposed upon scholarship The contributors address questions related to the categories of race and cultural identity by analyzing a diverse body of Afro Latin American and Afro Hispanic receptions of classical literature and its imaginaries Literary texts in Spanish and Portuguese written in countries such as Brazil Colombia and Equatorial Guinea provide the opportunity for a transnational and trans linguistic examination of the use of classical tropes and themes in twentieth century drama fiction folklore studies and narrative

Slater, 1985 The Description for this book

Plautus in Performance The Theatre of the Mind will be forthcoming **Plautus** Titus Maccius Plautus, 1921 The rollicking

comedies of Plautus who brilliantly adapted Greek plays for Roman audiences ca 205-184 BCE are the earliest Latin works to survive complete and are cornerstones of the European theatrical tradition from Shakespeare and Molière to modern times. Accompanying the plays is a detailed introduction to Plautus's oeuvre as a whole discussing his techniques of translation and adaptation, his use of Roman humor, stage conventions, language and meter, and his impact on the Greco-Roman comedic theater and beyond. Publisher's description: **Epidicus by Plautus** Catherine Tracy, 2021. This parallel edition in both Latin and English with its accessible introduction and comprehensive notes guides the reader through this popular Roman play. Tracy explores Epidicus's roots in Greek drama, its rich social resonances for a Roman audience, and its life in performance. She transforms Plautus' colloquial Latin poetry into lively modern English prose, illuminating the play's many comedic references to the world of the Roman Republic.

Rome and the Mysterious Orient Plautus, 2005-12-12. Still funny after two thousand years, the Roman playwright Plautus wrote around 200 BCE, a period when Rome was fighting neighbors on all fronts including North Africa and the Near East. These three plays originally written for a wartime audience of refugees, POWs, soldiers, and veterans, exiles, immigrants, people newly enslaved in the wars, and citizens tap into the mix of fear, loathing, and curiosity with which cultures, particularly Western and Eastern cultures, often view each other. Always a productive source of comedy, these current accessible and accurate translations have replaced terms meaningful only to their original audience, such as references to Roman gods, with a hilarious inspired sampling of American popular culture, from songs to movie stars to slang. Matching the original Latin line for line, this volume captures the full exuberance of Plautus's street language, bursting with puns, learned allusions, ethnic slurs, dirty jokes, and profanities, as it brings three rarely translated works, *Weevil Curculio*, *Iran Man Persa*, and *Towelheads*, to a wide contemporary audience. Richlin's erudite introduction sets these plays within the context of the long history of East-West conflict and illuminates the role played by comedy and performance in imperialism and colonialism. She has also provided detailed and wide-ranging contextual introductions to the individual plays, as well as extensive notes, which together with these superb and provocative translations will bring Plautus alive for a new generation of readers and actors.

Plautus, With an English Translation by Paul Nixon Titus Maccius Plautus, Paul Nixon, 2023-07-18. This volume of Plautus's comedies features six of his best-loved works, including *The Rope* and *The Pot of Gold*. The translations by Paul Nixon capture the wit, humor, and bawdiness of the original Latin while remaining faithful to the spirit and structure of the plays.
