signalled by Bacon Taking an existential approach to the question of meaning Puritans sought their solution in the development of a covenant theology based on a life of active faith They argued vehemently that natural reason was incapable of finding the path to salvation and only faith could regenerate reason to its proper capabilities At the same time Puritans emphasised the value of learning for comprehension of Scripture and preparation of sermons Starting with a fresh approach to the question of defining Puritans Godly Learning proceeds to delineate the infrequently studied puritan mentalit which informed the better known public political and ecclesiological positions Not since the work of Perry Miller has there been such a thorough attempt to comprehend the Puritan view of reason and the implications of that view *The Engineer* ,1978
