Perkins School For The Blind Ma Campus History Series:

Perkins School for the Blind Kimberly French,2004 Founded in Boston in 1829 Perkins School for the Blind was the first school of its kind in the United States Perkins pioneered education for people who are deafblind when seven year old Laura Bridgman became the first deafblind person to learn language in 1837 Fifty years later alumna Annie Sullivan used the same methods to teach Helen Keller the deafblind Perkins student who became one of the foremost humanitarians of the twentieth century The school also pioneered the first kindergarten for the blind and the first training programs for teachers of the blind and deafblind Perkins School for the Blind pays tribute to this groundbreaking institution and its legacy of establishing education programs that bring hope and dignity to more than forty thousand people with blindness and deafblindness worldwide THE SHADOW OF SACRIFICE Donald D. Deignan,2016-10-24

On March 18 1942 barely one hundred days after Japan s devastating surprise attack on the United States Navy s Pacific Fleet based at Pearl Harbor a group of American soldiers were guarding a beach on the north shore of the Hawaiian island of Oahu against an expected Japanese amphibious invasion The atmosphere was tense Suddenly a gunshot shattered the almost perfect silence of that tropical night In its aftermath one young American soldier lay dead not far from the beach he was guarding But who was he And what were the circumstances which had led to his tragic death The Shadow of Sacrifice answers these questions and in the process tells the compelling and poignant story of the way in which that single gunshot has echoed down through the generations of one typical American family Here is a mystery a tragedy a kind of love story a tale of survival and transformation and the unfolding record of promises made and kept The young American soldier who died mysteriously on that Hawaiian beach in 1942 was my beloved uncle Private First Class Donald Joseph John Deignan for whom I was proudly named Our lives have always been closely and positively connected Here just in time for the 75th Anniversary of the Pearl Harbor Attack is a thorough examination of the unbreakable and mutually beneficial bonds of love and loyalty which still unite us today Veterans and their families Baby boomers immigrants and people with disabilities will all find themselves reflected in our particular story **A History of America in 100 Maps** Susan Schulten,2018-09-21

Throughout its history America has been defined through maps Whether made for military strategy or urban reform to encourage settlement or to investigate disease maps invest information with meaning by translating it into visual form They capture what people knew what they thought they knew what they hoped for and what they feared As such they offer unrivaled windows onto the past In this book Susan Schulten uses maps to explore five centuries of American history from the voyages of European discovery to the digital age With stunning visual clarity A History of America in 100 Maps showcases the power of cartography to illuminate and complicate our understanding of the past Gathered primarily from the British Library s incomparable archives and compiled into nine chronological chapters these one hundred full color maps range from the iconic to the unfamiliar Each is discussed in terms of its specific features as well as its larger historical significance in a way that conveys a fresh

perspective on the past Some of these maps were made by established cartographers while others were made by unknown individuals such as Cherokee tribal leaders soldiers on the front and the first generation of girls to be formally educated Some were tools of statecraft and diplomacy and others were instruments of social reform or even advertising and entertainment But when considered together they demonstrate the many ways that maps both reflect and influence historical change Audacious in scope and charming in execution this collection of one hundred full color maps offers an imaginative and visually engaging tour of American history that will show readers a new way of navigating their own worlds **A**
