Beginners and Dummies Barbara Dawson, 2020-08-18 Meal prepping is making a meal or recipe then portioning it out to grab and go meals for later. If you've ever kept your leftovers from dinner to take with you for lunch then extend them you've learned mini meal prepped. Generally though meal prepping refers to preparing 3-7 days worth of food at a time. Think of it like making your lunches for the week all at once instead of making your lunch throughout the day. You can use this same technique for breakfast, lunch, dinner, and snacks. Meal prepping doesn't necessarily waste and reduce time to eat outside unless you plan ahead or a budget. When making your meal plan, ask yourself the question: "How long will I be able to eat these meals without having to do it myself each day?" Meal prepping is not for everyone. It is good for those who value convenience and free more time than cost. With meal prepping you generally eat the same thing for a few days in a row so if you don't like leftovers or get bored with food, meal prepping isn't for you. If having more control over what you eat and maximizing your time, your budget is more valuable than not doing something different every day, meal prepping is a great idea. Generally, meal prepping is seen as a meal for yourself or maybe one other person, not a whole family. Meal prepping for a whole family would be quite difficult but if you have a lot of time and would rather eat a meal than not eat, it is stored in the refrigerator for a slow day in the week. In addition to the way food is packed, the individual nuances of your refrigerator can impact the usefulness of your refrigerated meal. Since the food is not acceptable in terms of texture and flavor, it will be a bit of a challenge. Always begin with the refrigerator guidelines to be the FDA and then evaluate them against your own preferences. In general, I don't like to eat more than five days worth of food, but I find that by that fifth day the food is usually not as good as it was on day one. **Meal Prep Ideas** Angela Williams, 2017-07-06 Are you looking for some creative and very practical meal prep ideas?
