including the legendary unicorn and the fabled heroine Mulan to determine the origin and development of the lore His meticulous research yields surprising results For instance he finds that the character Mulan is not of Chinese origin and that Central Asian influences are to be found in language religion governance and other fundamental characteristics of Chinese culture As Victor Mair writes in the Foreword While not everyone will acquiesce in the entirety of Dr Chen s findings no reputable scholar can afford to ignore them with impunity These foreign origin elements were largely the legacy of the Tuoba whose descendants in fact dominated China s political and cultural stage for nearly a millennium Long before the Mongols the Tuoba set a precedent for using the civilized to rule the civilized by attracting a large number of sedentary Central Asians to East Asia This not only added a strong pre Islamic Iranian layer to the contemporary Sinitic culture but also commenced China s golden age under the cosmopolitan Tang dynasty whose nominally Chinese ruling house is revealed by Chen to be the biological and cultural heir of the Tuoba
