history and historiography conversion spirit beliefs and exorcism prosperity politics gender relations sexual identities racism development migration pilgrimage interreligious relations media ecumenism and academic research The Pentecostal World is essential reading for students and researchers in anthropology history political science religious studies sociology and theology The book will also be very useful for those in related fields such as culture studies black studies ethnic studies and gender studies

Global Pentecostal and Charismatic Healing Candy Gunther Brown, 2011 Divine healing is an essential marker of the global phenomenon of Pentecostal and Charismatic Christianity But although we know that healing is central in these movements we know surprisingly little about how divine healing beliefs and practices reflect the interplay of local and global patterns of cultural development The essays in this collection seek to discover what is the same and what is different about such beliefs and practices in diverse contexts trace formal and informal lines of cultural influence across geographic and national boundaries and ask how healing both reflects and contributes to larger processes of globalization The collection not only fleshes out a picture of how and why spiritual healing is practiced in diverse cultural contexts and how healing practices reflect and shape the transnational spread of Christianity it also provide insight into the nature of globalization The authors attend to a wide range of issues including the theological rationales for divine healing the symbolic objects and ritual enactments employed the cultural controversies surrounding these practices the relationship between Christian healing and local or indigenous healing traditions whether an emphasis on financial prosperity is always present and the extent to which Pentecostal and Charismatic churches are networked and the role of healing in such networks With nearly all new essays this informative volume edited by Candy Gunther Brown contains a forward by Harvey Cox and contributions from an

Transmitting the Spirit in Missions Amos Jimmy Markin, 2019-02-05 Transmitting the Spirit in Missions The History and Growth of the Church of Pentecost discourses on how Pentecostalism in general has been involved in the current growth mission and changing face of global Christianity It argues that African Pentecostals particularly are an integral part of the global expansion of Christianity in this century Specifically this book engages the history and growth of the Church of Pentecost an African Pentecostal denomination from Ghana to demonstrate how African Pentecostals have taken their spirituality into their own hands and planted churches in their home country as well as other parts of the globe The focus of this book is that African Pentecostals have achieved this feat through the experiential power and reliance of the Holy Spirit and the indigenous factor The specific highlight is that this book is an updated analysis of the history growth and missions of the Church of Pentecost Although this work is transformed from a PhD thesis the content is presented accessibly to both the academia and general church populace both pastors and the laity **A Guide to the Study of the Pentecostal Movement**

Spencer, 2017-02-09 Have you ever had that sinking feeling that you were missing out on something very valuable in your ministry but just couldnt put your finger on it Well these resources for adventures in service to God for the church are valuable assets to those seeking a dynamic experience in Gods Kingdom work To invest yourself in Larry Spencers Ministry of Helps Manual and Workbook can enhance your ministry and greatly format your service with usable hands on tools that complete your tool chest Bring these practical things home and put them to work Great results have already been seen from individuals who respect Gods Word and value what it can bring to the Board room as well as to the church service You will not be sorry you invested in this training for you and your ministry team Rev Lloyd Tremain Paradise Community Church of the Nazarene A thorough practical and much needed Biblically sound treatment Wish it had been available 20 years ago when I could have use it to a great positive effect Dan Wilderman Retired Assemblies of God Pastor the order and practical instruction presented will benefit all organizational levels of any Christian Church today John Steffensen Radio Host Christ Today KKXX Radio Chico CA Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore or church maintenance or the myriad other duties needed to keep a

church going The result was that the church stayed the same size Some leave others enter But no growth was apparent despite the considerable preaching talents of the pastor God is apparently making sure he has only the amount of people that he can handle We learn that the ancient church had some of the same challenges we face today Acts 6 14 says Now in those days when the number of the disciples was multiplying there arose a complaint against the Hebrews by the Hellenists because their widows were neglected in the daily distribution Then the twelve summoned the multitude of the disciples and said It is not desirable that we should leave the word of God and serve tables Read this as doing manual labor Therefore brethren seek out from among you seven men of good reputation full of the Holy Spirit and wisdom whom we may appoint over this business the manual labor but we will give ourselves continually to prayer and to the ministry of the word It was even bringing strife to the local body What did they do And what was the result The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties the manual labor This freed up the apostles so they could minister the Word of God Wow Gods way is so simple and our grandiose plans just waste time and get nothing done Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes Gods church This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them

Re-Visioning African Pentecostal-Charismatic

Ecclesiology in the Public Sphere Christian Tsekpoe, Lord Elorm Donkor, 2024-09-05 Despite the current impressive numerical growth of Pentecostal Charismatic Christianity in Africa there remain some concerns about the extent to which the church is making the desired impact in the public space As the church grows numerically the African continent is ironically plagued with many regrettable stories of corruption bad governance sexual abuse gender discrimination and perversion environmental degradation robbery economic crisis leading to poverty and hunger wars and other social vices This paradoxical increase in vices alongside the demographic growth of the Christian population on the continent has caused many to question the social impact of African Christianity Re Visioning African Pentecostal Charismatic Ecclesiology in the Public Sphere is a response to these observations The contributors to this volume who are made up of seasoned academics

theological educators and missiologists and mission practitioners have engaged the subject from multidisciplinary perspectives highlighting significant contributions of African Pentecostalism while pointing out critical areas for urgent attention. The volume is intended to stimulate conversations around the church's mandate of influencing the public sphere as an agent of social transformation.

Intimacy with God Randy Clark, 2021-08-03 What does it mean to pursue an intimate relationship with God? intimacy, obedience, and the miraculous as a blueprint for all believers. Combining sound biblical teaching with keen insight and compelling personal accounts from others, Dr. Clark invites us to go deeper by exploring the following questions: How do we achieve true intimacy in our relationship with God? What does it mean to express faith that results in the miraculous? What does the Bible say about the balance between obedience and grace? A clear understanding of the integral relationship between intimacy and obedience provides a framework in today's world for glorifying God, particularly through the miraculous, as Dr. Clark has so profoundly demonstrated during his many years of ministry. He longs for you to renew your knowledge of God's deep love for His children and how fervently God desires a life of intimate friendship with you.

Warriors for Christ, **Enchanted Calvinism** Adam Mohr, 2013 Enchanted Calvinism's surprising central proposition is that Ghanaian Presbyterian communities have become more enchanted, i.e., attuned to spiritual explanations of and remedies for suffering, as they have become more integrated into capitalist modes of production. Enchanted Calvinism's central proposition is that Ghanaian Presbyterian communities, both past and present, have become more enchanted, more attuned to spiritual explanations of and remedies for suffering, as they have become integrated into capitalist modes of production. The author draws on a Weberian concept of religious enchantment to analyze the phenomena of spiritual affliction and spiritual healing within the Presbyterian Church of Ghana, particularly under the conditions of labor migration: first in the early twentieth century during the cocoa boom in Ghana, and second at the turn of the twenty-first century in their migration from Ghana to North America. Relying on extensive archival research, oral interviews, and participant observation conducted in North America, Europe, and West Africa, this study demonstrates that the more these Ghanaian Calvinists became dependent on capitalist modes of production, the more enchanted their lives, and subsequently, their church, became, although in different ways within these two migrations. One striking pattern that has emerged among Ghanaian Presbyterian labor migrants in North America, for example, is a radical shift in gendered healing practices, where women have become prominent healers while a significant number of men have become spirit possessed. Biblical Foundations for the Role of Healing in Evangelization Mathias D. Thelen, 2017-12-07 It's almost undeniable that God is working miracles of healing in evangelization today. For theologians, pastors, and evangelists, some questions arise: What is the relationship between physical healing and the message of salvation? Should the church really expect God to do healings in evangelization today? Father Thelen answers these questions by examining the relationship between the preaching of the

gospel and physical healing in the New Testament The gospel of Jesus Christ is not simply a message of fact it is a message of power that is often expressed through the working of deeds that serve as signs of the reality preached salvation As signs of the kingdom healings that accompany the preaching of the gospel play an indispensable role in bringing people to faith throughout the New Testament The result of this biblical study is a clarion call for the church to renew its faith in God's desire and power to confirm his word through healing As healing becomes more accepted and frequent in evangelization a Catholic biblical and theological approach to healing as it relates to evangelization an approach that can be different from its Protestant counterpart is necessary This modest book fits this need *Pentecostal and Charismatic Spiritualities and Civic Engagement in Zambia* Naar M'fundisi-Holloway,2018-08-22 For the past sixty years the Pentecostal and Charismatic movement has played a major role in Zambia In this book Naar Mfundisi Holloway explains the history of this development and its impact on civic engagement She opens a discussion on church state relations and explains how the church presented a channel of hope in the wake of the HIV AIDS pandemic despite having a history that eschewed civic engagement In fact the pandemic propelled the church to work alongside the state in the fight against the disease Using interviews and historical analysis this book provides valuable insight into how Pentecostal and Charismatic churches have effectively engaged matters of civic concern in Zambia dating from colonial times **Patterson's American Education** Homer L.
