Penumbra Unbound The Penumbra Unbound The:

The Penumbra Unbound Brook Ziporyn, 2012-02-01 The *Penumbra Unbound* is the first English language book length study of the Neo Taoist thinker Guo Xiang d 312 C E commentator on the classic Taoist text the Zhuangzi The author explores Guo s philosophy of freedom and spontaneity explains its coherence and importance and shows its influence on later Chinese philosophy particularly Chan Buddhism The implications of his thought on freedom versus determinism are also considered in comparison to several positions advanced in the history of Western philosophy notably those of Spinoza Kant Schopenhauer Fichte and Hegel Guo s thought reinterprets the classical pronouncements about the Tao so that it in no way signifies any kind of metaphysical absolute underlying appearances but rather means literally nothing This absence of anything beyond appearances is the first premise in Guo s development of a theory of radical freedom one in which all phenomenal things are self so creating and transforming themselves without depending on any justification beyond their own temporary being

The Penumbra Unbound Brook Ziporyn, 2003-03-18 Explores the work of Guo Xiang a Neo Taoist thinker who developed a radical philosophy of freedom and spontaneity

Mr. Penumbra's 24-Hour Bookstore

Robin Sloan, 2012-10-02 A gleeful and exhilarating tale of global conspiracy complex code breaking high tech data visualization young love rollicking adventure and the secret to eternal life mostly set in a hole in the wall San Francisco bookstore The Great Recession has shuffled Clay Jannon out of his life as a San Francisco Web design drone and serendipity sheer curiosity and the ability to climb a ladder like a monkey has landed him a new gig working the night shift at Mr Penumbra s 24 Hour Bookstore But after just a few days on the job Clay begins to realize that this store is even more curious than the name suggests There are only a few customers but they come in repeatedly and never seem to actually buy anything instead checking out impossibly obscure volumes from strange corners of the store all according to some elaborate long standing arrangement with the gnomish Mr Penumbra The store must be a front for something larger Clay concludes and soon he s embarked on a complex analysis of the customers behavior and roped his friends into helping to figure out just what s going on But once they bring their findings to Mr Penumbra it turns out the secrets extend far outside the walls of the bookstore With irresistible brio and dazzling intelligence Robin Sloan has crafted a literary adventure story for the twenty first century evoking both the fairy tale charm of Haruki Murakami and the enthusiastic novel of ideas wizardry of Neal Stephenson or a young Umberto Eco but with a unique and feisty sensibility that s rare to the world of literary fiction Mr Penumbra s 24 Hour Bookstore is exactly what it sounds like an establishment you have to enter and will never want to leave a modern day cabinet of wonders ready to give a jolt of energy to every curious reader no matter the time of day

Against Identity

Alexander Douglas, 2025-06-19 A philosopher explains why the search for identity is meaningless and how we should escape the self Modern life encourages us to pursue the perfect identity Whether we aspire to become the best lawyer or charity worker life partner or celebrity influencer we emulate exemplars that exist in the world hoping it will bring us happiness But

this often leads to a complex game of envy and pride We achieve these identities but want others to imitate us We disagree with those whose identities contradict ours leading to polarisation and even violence And yet when they thump against us we are ashamed to ring hollow In *Against Identity* philosopher Alexander Douglas seeks an alternative wisdom Searching the work of three thinkers ancient Chinese philosopher Zhuangzi Dutch Enlightenment thinker Benedict de Spinoza and 20th Century French theorist Ren Girard he explores how identity can be a spiritual violence that leads us away from truth Through their worlds and radically different cultures we discover how at moments of historical rupture our hunger for being grows and yet it is exactly these times when we should make peace with our indeterminacy and discover the freedom of escaping our selves *The Routledge Companion to Chinese Philosophy* Brook Ziporyn, Stephen C. Walker, 2025-10-21 The Routledge Companion to Chinese Philosophy features more than 40 chapter length introductions to the concepts claims and arguments that animate the Chinese philosophical tradition Taking a topic by topic rather than text by text approach this Companion aims at helping contemporary Anglophone readers access the philosophical riches of the Chinese tradition by balancing close analysis with broad contextualization The book is divided into four Acts that reflect system level changes in how the Chinese philosophical conversation has been conducted Act I draws primarily on pre imperial texts foregrounding competition among persuaders in the absence of a geographical or canonical center of gravity Act II focuses on the early imperial centralization of intellectual culture around the corpus of Confucian classics Act III restructures the conversation space according to the radically innovative priorities of Buddhism Act IV focuses on Neo Confucianism which combines some of the priorities of Act II with the ongoing legacy of Act III Within each Act contributors focus on topics like religious and political thought ethics and self cultivation philosophical anthropology and theory of agency language epistemology metaphysics hermeneutics and debate This volume is essential reading for students academics and philosophers with an interest in Chinese philosophy **Boundaries of the Dao** Shari Ruei-hua Epstein, 2006 *Philosophy East & West*, 2003
