People Of Paradox A History Of Mormon Culture:

People of Paradox Terryl L. Givens, 2007-08-29 In *People of Paradox* Terryl Givens traces the rise and development of Mormon culture from the days of Joseph Smith in upstate New York through Brigham Young's founding of the Territory of Deseret on the shores of Great Salt Lake to the spread of the Latter Day Saints around the globe Throughout the last century and a half Givens notes distinctive traditions have emerged among the Latter Day Saints shaped by dynamic tensions or paradoxes that give Mormon cultural expression much of its vitality Here is a religion shaped by a rigid authoritarian hierarchy and radical individualism by prophetic certainty and a celebration of learning and intellectual investigation by existence in exile and a yearning for integration and acceptance by the larger world Givens divides Mormon history into two periods separated by the renunciation of polygamy in 1890 In each he explores the life of the mind the emphasis on education the importance of architecture and urban planning so apparent in Salt Lake City and Mormon temples around the world and Mormon accomplishments in music and dance theater film literature and the visual arts He situates such cultural practices in the context of the society of the larger nation and in more recent years the world Today he observes only fourteen percent of Mormon believers live in the United States Mormonism has never been more prominent in public life But there is a rich inner life beneath the public surface one deftly captured in this sympathetic nuanced account by a leading authority on Mormon history and thought [Mitt Romney, Mormonism, and the 2012 Election](#) L. Perry, 2014-08-07 This book seeks to address the question of how we should understand the impact of Mitt Romney's faith in the 2012 election As the first Mormon to earn a presidential nomination from a major party the book provides a comprehensive study of Romney's historic candidacy *The Triple Package* Amy Chua, Jed Rubenfeld, 2014-02-04 That certain groups do much better in America than others as measured by income occupational status test scores and so on is difficult to talk about In large part this is because the topic feels racially charged The irony is that the facts actually debunk racial stereotypes There are black and Hispanic subgroups in the United States far outperforming many white and Asian subgroups Moreover there's a demonstrable arc to group success in immigrant groups it typically dissipates by the third generation puncturing the notion of innate group differences and undermining the whole concept of model minorities Mormons have recently risen to astonishing business success Cubans in Miami climbed from poverty to prosperity in a generation Nigerians earn doctorates at stunningly high rates Indian and Chinese Americans have much higher incomes than other Americans Jews may have the highest of all Why do some groups rise Drawing on groundbreaking original research and startling statistics *The Triple Package* uncovers the secret to their success A superiority complex insecurity impulse control these are the elements of the Triple Package the rare and potent cultural constellation that drives disproportionate group success The Triple Package is open to anyone America itself was once a Triple Package culture It's been losing that edge for a long time now Even as headlines proclaim the death of upward mobility in America the truth is that the old fashioned American Dream is very much

alive but some groups have a cultural edge which enables them to take advantage of opportunity far more than others Americans are taught that everyone is equal that no group is superior to another But remarkably all of America s most successful groups believe even if they don t say so aloud that they re exceptional chosen superior in some way Americans are taught that self esteem feeling good about yourself is the key to a successful life But in all of America s most successful groups people tend to feel insecure inadequate that they have to prove themselves America today spreads a message of immediate gratification living for the moment But all of America s most successful groups cultivate heightened discipline and impulse control But the Triple Package has a dark underside too Each of its elements carries distinctive pathologies when taken to an extreme they can have truly toxic effects Should people strive for the Triple Package Should America Ultimately the authors conclude that the Triple Package is a ladder that should be climbed and then kicked away drawing on its power but breaking free from its constraints Provocative and profound The Triple Package will transform the way we think about success and achievement

Spellbound Molly Worthen, 2025-05-27 What happens when Americans lose faith in their religious institutions and politicians fill the void From the Puritans to Donald Trump this sweeping history will change your understanding of the forces that create leaders and hold their followers captive Elegant and insightful Spellbound is an important contribution to the urgent project of understanding America in our time Jon Meacham Everyone feels it Cultural and political life in America has become unrecognizable and strange Firebrands and would be sages have taken the place of reasonable and responsible leaders Nuanced debates have given way to the smug confidence of yard signs How did we get here In Spellbound historian Molly Worthen argues that we will understand our present moment if we learn the story of charisma in America From the Puritans and Andrew Jackson to Black nationalists and Donald Trump the saga of American charisma Worthen argues stars figures who possess a dangerous and alluring power to move crowds They invite followers into a cosmic drama where hopes are fulfilled and grievances are put right and these charismatic leaders insist that they alone plot the way The story of charisma in America reveals that when traditional religious institutions fail to deliver on their promise of a meaningful life people will get their spiritual needs met in a warped cultural and political landscape dominated by those who appear to have the power to bring order and meaning out of chaos Charismatic leaders address spiritual needs offering an alternate reality where people have knowledge power and heroic status whether as divinely chosen instruments of God or those who will restore national glory Through Worthen s centuries spanning historical research Spellbound places a crucial religious lens on the cultural economic and political upheavals facing Americans today

Tomorrow's Parties Peter Coviello, 2013-04-19 Honorable Mention for the 2014 MLA Alan Bray Memorial Award Finalist for the 2013 LAMBDA LGBT Studies Book Award In nineteenth century America before the scandalous trial of Oscar Wilde before the public emergence of categories like homo and heterosexuality what were the parameters of sex Did people characterize their sexuality as a set of bodily practices a form of identification or a mode of relation Was it even something an individual could be said to possess

What could be counted as sexuality Tomorrow s Parties Sex and the Untimely in Nineteenth Century America provides a rich new conceptual language to describe the movements of sex in the period before it solidified into the sexuality we know or think we know Taking up authors whose places in the American history of sexuality range from the canonical to the improbable from Whitman Melville Thoreau and James to Dickinson Sarah Orne Jewett Harriet Jacobs Frederick Douglass and Mormon founder Joseph Smith Peter Coviello delineates the varied forms sex could take in the lead up to its captivation by the codings of modern sexuality While telling the story of nineteenth century American sexuality he considers what might have been lost in the ascension of these new taxonomies of sex all the extravagant untimely ways of imagining the domain of sex that under the modern regime of sexuality have sunken into muteness or illegibility Taking queer theorizations of temporality in challenging new directions Tomorrow s Parties assembles an archive of broken off uncreated futures futures that would not come to be Through them Coviello fundamentally reorients our readings of erotic being and erotic possibility in the literature of nineteenth century America Journal of Mormon History ,2008 **Brigham Young University Studies** ,2008 A voice for the community of LDS scholars **Mormon Hermeneutics** Jeffrey S. Krohn,2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning Positively the LDS is to be applauded for their emphasis on the living out of their faith However through various approaches to the Bible the LDS Church seems to neglect the ancient horizon of the biblical text Any interpretation of the Bible LDS or otherwise should be held accountable This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics **The Children's Folklore Review** ,2013 Parley P. Pratt and the Making of Mormonism Gregory Kent Armstrong,Matthew J. Grow,Dennis James Siler,2011 Parley Parker Pratt son of Jared Pratt and Charity Dickson was born in 1807 in Burlington New York He married Thankful Halsey in 1827 He died in 1857 in Alma Arkansas Includes a collection of essays about his life Peculiar Portrayals Mark T. Meeting,2008 *Multiple Wives, Multiple Voices, Multiple Publics* Kyra Glass von der Osten,2009 **Choice** ,2009 2010 [catalog] Degruyter,2010-12-16 Reviews are an important aspect of scholarly discussion because they help filter out which works are relevant in the yearly flood of publications and are thus influential in determining how a work is received The IBR published again since 1971 as an interdisciplinary international bibliography of reviews it is a unique source of bibliographical information The database contains entries on over 1 2 million book reviews of literature dealing primarily with the

humanities and social sciences published in 6 820 mainly European scholarly journals Reviews of more than 560 000 scholarly works are listed The database increases every year by 60 000 entries Every entry contains the following information On the work reviewed author title On the review reviewer periodical year edition page ISSN language subject area in German English Italian Publisher address of journal **The Publishers Weekly** ,2007 *The American Historical Review* John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 2009 *Many Wests* David M. Wrobel, Michael C. Steiner, 1997 What does it mean to live in the West today Do people tend to identify with states with regions or with the larger West This book examines the development of regional identity in the American West demonstrating that it is a regionally diverse entity made up of many different wests Great Plains Southwest Rocky Mountains and more in which American regionalism finds its fullest expression These fourteen original essays tell how a sense of place emerged among residents of various regions and how a sense of those places was developed by people outside of them Wrobel and Steiner first offer a compelling overview of the West s regional nature then thirteen other rising or renowned scholars from history American Studies geography and literature tell how regional consciousness formed among inhabitants of particular regions All of the essays address the larger issue of the centrality of place in determining social and cultural forms and individual and collective identities Some focus on race and culture as the primary influences on regional consciousness while others emphasize environmental and economic factors or the influence of literature Some even examine western regionalism in areas that lie beyond the West as it has traditionally been conceived Each of the contributors believes that where a people live helps determine what they are and they write not only about the many wests within the larger West but also about the constant state of flux in which regionalism exists Many books speak of the West as a place but few others deal with the West s different places *Many Wests* presents a vision of the West that reflects both the common heritage and unique character of each major subregion building on the revisionist impulse of the last decade to help redirect New Western History toward an appreciation of regional diversity and integrate scholarship in the regional subfields It is a book for everyone who lives in studies or loves the West for it confirms that it is home to very different peoples economies histories and regions

Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download People Of Paradox A History Of Mormon Culture has opened up a world of possibilities. Downloading People Of Paradox A History Of Mormon Culture provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading People Of Paradox A History Of Mormon Culture has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download People Of Paradox A History Of Mormon Culture. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading People Of Paradox A History Of Mormon Culture. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading People Of Paradox A History Of Mormon Culture, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download People Of Paradox A History Of Mormon Culture has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
