College Drinking George W. Dowdall, 2023-07-03 Drinking is recognized as one of the most important problems confronting students on campus today with major impacts on health and safety This book answers crucial questions about why students drink examines its complex links to campus crime and sexual assault and offers new insights on how to address the issue It differs from other studies of college drinking by dispelling the myth that the problem is universal Dowdall's research reveals that the incidence of alcohol abuse varies enormously between colleges and in doing so identifies interventions and policies that have been effective and

those that have failed His study is also unique in looking upstream at the broader cultural organizational and social forces that shape this behavior where most studies focus only on downstream behaviors well after students have selected their college and have started drinking Students and parents can take action to lower the risk of binge drinking by following the book's recommendations and consulting the data it provides about alcohol violations and crime at thousands of colleges For administrators and student affairs personnel it both defines and illuminates the issue and outlines effective interventions

Accountability in American Higher Education K. Carey, M. Schneider, 2010-12-20 In *Accountability in American Higher Education* prominent academics entrepreneurs and journalists assess the obstacles to and potential opportunities for accountability in higher education in America Providing analysis that can be used to engage institutions of higher education in the difficult but necessary conversation of accountability [Follow Your Interests to Find the Right College](#) Janet Mathers, Paul Marthers, 2016 **Universities' Reputation** Juan Manuel Mora, John Haldane, Concepción Naval, Rupert Younger, Pilar Lostao, Louise Simpson, Víctor Pérez-Díaz, Juan Carlos Rodríguez, 2015-12-30 This book is the result of a number of people's work and dedication and who together have made it possible to hold the Building Universities Reputation conference at the University of Navarra on April 22nd 23rd and 24th 2015 [The Best 386 Colleges, 2021](#) The Princeton Review, Robert Franek, 2020-12-22 Make sure you're preparing with the most up to date materials Look for The Princeton Review's newest edition of this book *The Best 387 Colleges 2022* ISBN 9780525570820 on sale August 2021 Publisher's Note Products purchased from third party sellers are not guaranteed by the publisher for quality or authenticity and may not include access to online tests or materials included with the original product **The Best 385 Colleges, 2020 Edition** The Princeton Review, Robert Franek, 2019-09-24 Make sure you're preparing with the most up to date materials Look for The Princeton Review's newest edition of this book *The Best 386 Colleges 2021 Edition* ISBN 9780525569725 on sale August 2020 Publisher's Note Products purchased from third party sellers are not guaranteed by the publisher for quality or authenticity and may not include access to online tests or materials included with the original product *The Impact of Higher Education Ranking Systems on Universities* Kevin Downing, Petrus Johannes Looock, Sarah Gravett, 2021-04-04 This book written by three generations of rankings academics with considerable experience from three very different regions of the globe lifts the lid on the real impact of higher education ranking systems HERS on universities and their stakeholders It critically analyses the criteria that make up the Big Three global ranking systems and using interviews with senior administrators academics and managers discusses their impact on universities from four very different continents Higher education continues to be dominated by a reputational hierarchy of institutions that sustains and is reinforced by HERS Despite all the opinions and arguments about the legitimacy of the rankings as a construct it seems experts agree that they are here to stay The question therefore seems to be less about whether or not universities should be compared and ranked but the manner in which this is undertaken Delivering a fresh perspective on global rankings this book summarizes the

development of HERS and provides a critical evaluation of the effects of HERS on four different major regions South Africa the Arab region South East Asia and Australia It will appeal to any academic student university administrator or governing body interested in or affected by global higher education ranking systems University Rankings, Diversity, and the New Landscape of Higher Education ,2019-02-18 University rankings are a relatively new phenomenon in higher education Although quite an established practice in the U S it is only within the last decade that attempts to analyse university performance have spread to the rest of the world and that we also have seen new global rankings appear rankings attempting to measure university performance beyond national borders No wonder that this trend is accompanied by a growing interest in studying rankings throughout the world This book is written as part of the effort to better understand rankings and their effects on higher education A serious approach towards university rankings implies that rankings should be analysed properly including the methods used and the indicators chosen and investigate the objectives claimed If university rankings are considered as consumer information then everyone should have an interest in basing such guidance on valid and reliable data and methodology A serious analysis should also discuss the wider implications of rankings as an emerging phenomenon in higher education Consequently the contributions to this book investigate and analyse how different rankings work how they reach their conclusions and on what data and methodology they are built Furthermore it provides a critical reflection about the impact of rankings on higher education how and in what way rankings influence policy making the structure of the sector or the internal life of the sector Successful Personal Statements to Get You into a Top University Warren Zhang,Hemant Mohapatra,2014-02-20 This book will help aspiring undergraduates through the competitive admissions process for some of the world s top universities It will help prospective candidates answer a very specific question what makes a successful personal statement Using a collection of real life personal statements from students recently accepted into Cambridge University across all subjects the authors provide a behind the scenes look into what it takes to be admitted into a top academic institution The result is a book that offers a rare insight into the often opaque and complex thought process that goes into accepting or rejecting a candidate and provides a benchmark for all students looking to study at top universities around the world Comprehensive Internationalization John K. Hudzik,2014-11-20 This book is a timely insight into the internationalization of higher education institutions The internationalization of higher education is a global phenomenon but with substantial variation in how it is made operational in individual institutions Comprehensive Internationalization focuses on desirable practices in institutions and their actual approaches to implement a more integrated strategic or comprehensive global engagement across their core missions teaching research and service Part I of the book investigates a wide range of issues governing the internationalization of institutions Outlining the origins meaning and evolution toward more strategic and comprehensive forms of internationalization building an understanding of the meanings of comprehensive internationalization as well as common

aspirations when linked to different types of institutions understanding the rationales and motivations for internationalization and intended results creating an institutional vision and culture to support comprehensive internationalization and implementing key strategies for successful internationalization in terms of practical actions and programs and results including identifying and ameliorating barriers engaging organizational change assessing outcomes and obtaining resources Part II of the book offers case stories from institutions across the globe which describe varying pathways toward more comprehensive internationalization Institutions were chosen to reflect the diversity of higher education and approaches to internationalization An analysis of the cases uncovers similarities and differences as well as common lessons to be learned With contributions from mainland Europe Australia the USA the UK Latin America Singapore and South Africa the global application of the book is unparalleled Comprehensive Internationalization will be of vital interest to a wide variety of higher education institutional leaders and managers as they address the problems and solutions for institutional internationalization available to them in a rapidly changing educational world and a 21st Century global environment

Dream School Jeffrey Selingo, 2015-09-09 New York Times Bestseller From the bestselling author of *Who Gets In and Why* a must have playbook for families coping with a more stressful era of startling low admission rates and sky high prices one that widens the aperture beyond the Top 25 schools and connects students parents and counselors with quality affordable choices Attending college has long been a rite of passage for millions of teens and a bedrock of the American dream But that well worn path has lately taken a wrong turn denying admission even to super achievers and putting intolerable stress on family finances Now in *Dream School* Jeffrey Selingo shifts the spotlight from how colleges pick students to how students can better pick colleges With test optional policies and grade inflation leveling the playing field for applicants getting into prestigious schools has become a kind of lottery Plan A may work out but increasingly it isn't so Selingo urges families to ditch the Top 25 or bust mindset and look beyond the usual suspects Hidden gem schools with incredible value and rich opportunities are waiting to be discovered Backed by unparalleled research and an eye opening survey of more than 3 000 parents *Dream School* reveals what really matters in a college strong job prospects after graduation hands on learning experiences and a sense of belonging To help students find their perfect match Selingo highlights 75 accessible and affordable colleges that will satisfy those priorities Organized into three easy to digest sections *Dream School* explains why elite college degrees turn out to matter less than you think why many parents and students are choosing value over prestige and how to make sure the degree really pays off In these pages Selingo's engaging style and expert insights turn what is often an unnavigable maze into a clear roadmap Destined to become the ultimate guide for families crossing the perilous college admissions landscape *Dream School* isn't just a book it's a lifeline for those who can find themselves trapped in an overwhelming process
