Time Bomb Michael Mathiesen, 2024-02-21 Some day in the not so distant future you re going to be eating an ice cream sandwich at Hagan Das or drinking your favorite Pina Colada at Margaritaville If you re with a group of friends or family you re laughing joking enjoying a nice Spring day Suddenly you feel a dull thud under your feet and the ground shakes violently in a way that you ve never felt before You look up and notice a huge mushroom cloud rising up into the sky making it darker and darker Then you notice a brilliant reddish orange wall of light coming at you and actually melting cars trucks and buildings and blowing the smithereens all over the place in all directions You realize that it is moving so fast there is no way that you and your family and friends can get out of the way As you take in the startled surprised and shocked look on the faces of those around you you notice a slight twinge and then you are no more As the orange wall of heat reaches you you are incinerated along with everyone and everything you have known as part of your reality OR the only other Alternative Reality The weather has gotten warmer and warmer to the point that many people around you have begun to wear space suits They are totally covered from head to foot in a pressurized and air conditioned suit complete with a helmet that provides enough oxygen for the wearer to live and breathe comfortably You can t afford such a Climate Suit as they are called so you try to get your errands done even though you can barely breathe You re sweating all over your body but so is everyone else who is not wearing a Climate Suit which is most people at the time There is some relief at night but even nights are hot enough so that you can t get any sleep unless you spray yourself with water every few minutes You turn your air conditioning unit on its highest setting but there is not enough electricity to keep it running for more than a few minutes because it s being rationed everywhere Your best friend the family dog has been put down because the heat is now too much for any furry animals and most of them are dying by the billions their carcasses littering the streets There is no one to pick up their bodies because no one has that much energy for non essential things The TV news tells you that the government is working feverishly on the problem of the growing heat wave Gas powered cars and trucks have been abandoned long ago So part of the problem is that there is no industrial infrastructure any more that can construct enough solar panels and wind turbines because there isn t enough food for workers or electrical power to manufacture anything at this point and everyone knows it would just add to the growing pollution of the air All the trees have died out or been used for heating and cooking years ago the only natural element that

could have saved us Everyone lives hour by hour expecting the President to come on TV and finally admit that these are the final days for the stubborn lot of remaining citizens to stay alive Soon all oxygen will be depleted When the President finally comes on the air and starts to finally admit to these things you can feel the last few molecules of oxygen as they leave your lungs and makes you gasp your last gasp This is the TIME BOMB It s ticking down right now to the end of our existence here on Planet Earth There is hope although it is a fading one and only if everyone within the sound of my voice learns how to defuse this FINAL TIME BOMB and begins taking the necessary actions listed in this book that can and will stop it ticking **STARTING NOW** What the Most Successful People Do on the Weekend Laura Vanderkam,2012-12-31 Many of us breathe a grateful TGIF when Friday rolls around envisioning a weekend full of both productivity and refreshment Yet too often our precious weekends seem to disappear eaten up by unproductive work or leisure that fails to energize us Monday morning comes too fast finding us still unrested with too much still undone Time management expert Laura Vanderkam continuing her series on What the Most Successful People Do shows how we can take control of our weekends to get necessary R R while also using our downtime as a springboard to a productive week Drawing on real life anecdotes and scientific research Vanderkam explains why doing nothing can be more exhausting than doing something and why happy people make weekend plans in advance She shares weekend tips gleaned from busy people such as politician and talk show host Mike Huckabee former CEO Frank Baxter and TV producer Aliza Rosen She reveals the kind of weekend activities that make people happiest explains why it s important to unplug at least for a little while and shares the secret of why Sunday night may be the most important part of any weekend What the Most Successful People Do On the Weekend is a fun practical guide that will inspire you to rethink your weekends and start your workweek refreshed renewed and on track **Digital Media Sport** Brett Hutchins,David Rowe,2013-09-05 Live broadband streaming of the 2008 Beijing Olympics accounted for 2 200 of the estimated 3 600 total hours shown by the American NBC Universal networks At the 2012 London Olympics unprecedented multi platforming embraced online mobile devices game consoles and broadcast television with the BBC providing 2 500 hours of live coverage including every competitive event much in high definition and some in 3D The BBC also had 12 million requests for video on mobile phones and 9 2 million browsers on its mobile Olympics website and app This pattern will only intensify at future sport mega events like the 2014 FIFA World Cup and 2016 Summer Olympics both of which will take place in Brazil Increasingly when people talk of the screen that delivers footage of their favorite professional sport they are describing desktop laptop and tablet computer screens as well as television and mobile handsets Digital Media Sport analyzes the intersecting issues of technological change market power and cultural practices that shape the contemporary global sports media landscape The complexity of these related issues demands an interdisciplinary approach that is adopted here in a series of thematically organized essays by international scholars working in media studies Internet studies sociology cultural studies and sport studies **Sports and Identity** Barry Brummett,Andrew Ishak,2013-12-13 This volume of essays
