

A stylized illustration celebrating the Goodreads Choice Awards 2024 winners. The central focus is a large, light-brown speech bubble containing the text "goodreads CHOICE 2024 WINNERS". To the left, a golden trophy is shown with a burst of colorful leaves and stars behind it. Below the trophy is a green book with a dark green cover. To the right, a person with long dark hair, wearing a green long-sleeved shirt and a red skirt, is depicted from the side, holding a green book high in their right hand. Below them is another green book with white pages. At the bottom center, a small green book is open, showing its pages. The background is a solid light beige color.

Young Adult Resources Today Don Latham, Melissa Gross, 2014-05-21 Young Adult Resources Today Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail; instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in integrating theory, research, and practice; integrating implications for practice throughout the book; integrating knowledge of resources with professional practice as informed by research; integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres, movies, magazines, web sites, social media, and gaming. The final chapter covers navigating information landscapes focusing on real and virtual YA spaces, readers advisory programming, and collaboration. Special attention is paid to program planning and evaluation.
