Venmo Best Store Hours:

Making Your Best Pivot Yet D. Jay Shanell, Pivot Media Group, The time to rethink your financial habits is NOW Unfortunately this is a lesson that many had to learn the hard way This book was created to be a turning point for those who have been displaced by current events or those needing a financial change but don't know where to turn The content inside is meant to shift the mind as well as the wallet Learn how many are generating income in the old and new systems of money despite the turbulent times It's time you take back control and create the life you desire to live and on your terms That dream you had is waiting on you to take the first step **Retailing** Denise T. Ogden, James R. Ogden, Robert Paul Jones, 2017-08-02 Light on the fluff solid on the basics the fourth edition of Retailing is a concise text that covers strategic issues with an eye on financial considerations and operations management issues illustrated through retail cases and exercises New co author Robert Paul Jones is Department Chair of Hospitality and Retail Management in the College of Human Sciences at Texas Tech In addition to his extensive academic work Dr Jones has over 25 years of executive leadership and consulting experience in retail and hospitality He uses an Integrated Retail Management flow chart to depict retail functions Most retail texts present students with a series of chapters that provide useful information but fail to explain how the various activities involved in retailing affect each other The 4th edition offers the student an overview of the retail process through the use of an integrated retail management IRM plan The steps involved in retailing as presented in the text are tied together through the IRM plan Expanded coverage of Mobile and e Tailing and included throughout the text and not treated as a stand alone chapter This helps emphasize that e tailing is a form of retailing that uses many of the same models as other forms Includes updated cases and real world examples And omni channel retailing incorporated throughout text Blockchain & Decentralized Finance Andrew Walker, 2022-10-07 Blockchain technology and the invention of smart contracts running on it have given rise to Decentralized Finance At the time of its birth DeFi was seen as a response to the 2008 crisis and a hope to democratize finance By eliminating the role of intermediaries and fluidifying property through tokenization finance would become accessible to all To overcome all the obstacles it faced volatility security issues distrust etc DeFi had to find original ways to develop by leveraging sociologically diverse communities of enthusiastic developers users and investors from all over the world In particular it has distinguished itself in the fields of communication marketing and community building through an original use of social networks and messaging tools We have specifically emphasized these latter aspects based on our professional experience and interviews with experts working in the field It appears that DeFi is potentially interesting for companies Indeed Blockchain technology is generalizable to many other areas of economic activity beyond finance Moreover the DeFi communities foreshadow the communities of entrepreneurs and users consumers of the future Web3 0 DeFi is the manifestation of a new era of the Internet Due to key elements of blockchain and smart contracts the value of data could be wrested from the hands of Internet giants that control the ad market and be restituted to businesses and consumers Through

the direct relationship with the consumer this technology is becoming a powerful tool for optimizing business operations reducing costs and creating value Businesses will have to reconsider relationship with their customers in a spirit of community and direct interaction with them which blockchain allows i e through remuneration of the user customer However if blockchain technology is mature its use is still too amateurish In this context it is crucial to rely on recognized professionals because a hasty implementation can lead to serious risks for the reputational and financial integrity of companies Experts we have interviewed have emphasized this key issue On the one hand a business with significant capital can invest heavily in Web3 0 and can develop its own blockchain solutions to stay ahead of its competitors On the other hand a small business cannot do the same With less technical and financial capital the small business is currently only able to implement technologies that are not very advanced and whose utilization carries risks But the situation may change rapidly in the future Get this book and you will learn more on blockchain and decentralized finance

Boys Come First Aaron Foley,2022-05-31 Three Black gay millennial men look for love friendship and professional success in the Motor City in this hilarious and touching debut novel Suddenly jobless and single after a devastating layoff and a breakup with his cheating ex advertising copywriter Dominick

Gibson flees his life in Hell's Kitchen for a fresh start in his hometown of Detroit. He's got one objective: exit the shallow dating pool ASAP and get married by thirty-five, and the deadline's approaching fast. Meanwhile, Dom's best friend Troy Clements, an idealistic teacher who never left Michigan, finds himself at odds with all the men in his life: a troubled boyfriend he's desperate to hold onto, a perpetually dissatisfied father, and his other friend Remy Patton. Remy, a rags-to-riches real estate agent known as Mr. Detroit, has his own problems, namely choosing between making it work with a long-distance lover or settling for a local Mr. Right Now who's not quite Mr. Right. And when a high-stakes real estate deal threatens to blow up his friendship with Troy, the three men must figure out how to navigate the pitfalls of friendship and a city that seems to be changing overnight. Full of unforgettable characters, *Boys Come First* is about the trials and tribulations of real friendship but also about the highlights and hiccups: late nights at the wine bar, awkward Grindr hookups, workplace microaggressions, situationships, frenemies, family drama, and of course, the group chat that defines Black gay millennial life in today's Detroit.

The Professional Volunteer Fire Department Tom Merrill,2023 The

Professional Volunteer Fire Department by Tom Merrill highlights the importance of developing and upholding a professional reputation in the firefighting community regardless of whether one is a paid or volunteer firefighter. Merrill emphasizes that professionalism is not tied to a paycheck but is instead defined by attitude, appearance, competency, commitment, and dedication. Endorsed by several Chiefs, this book is regarded as a must-read for all volunteer firefighters. It provides valuable insights into recruiting, retaining, and developing professional volunteer firefighters. Merrill's expertise challenges readers to elevate their performance and raise the standards within their departments, ultimately contributing to the overall professionalism of the volunteer fire service. Through this captivating and informative book, Merrill aims to instill a sense of pride and service above self in volunteer firefighters. The book serves as a rallying call for those who are passionate about their service and ignites a fire within them to continue making a difference.

Testimonials

If you can read this book and not feel a sense of pride, that overwhelming feeling of service above self, the feeling that what you do as a volunteer firefighter matters, then maybe it's time for a change. But if you are the one who reads it and gets fired up about what we do, then you're in for a very special ride.

Chief Rick Lasky, Fire Chief, Ret., Lewisville, Texas: Tom Merrill is a true gentleman and a professional. His classes and articles detailing professionalism in the volunteer fire service are captivating and informative. This book is no different and should be on the must-read list of all volunteer firefighters regardless of rank, title, or experience.

Brandon S. Fletcher, Fire Chief, Gilt Edge, TN Fire Department: Tom Merrill has spent his life working to improve the professional image of the volunteer firefighter. This book is a compilation of his experiences and what works and doesn't work in the recruiting, retaining, and development of the professional volunteer firefighter. His writing challenges you to raise your standard of performance.
