Missing Pieces of Your Life E. Rosier Regina E. Rosier,Regina Rosier,2010-04 Bailey a beautiful African American teenager grew up in Brooklyn NY s Red Hook projects in the mid 1960 s and had more than her share of hurdles to leap over Her mother was admitted into an insane asylum because of her inability to get over the guilt of a childhood incident Her world was shattered when she received a call from the asylum notifying her of her mother s death The suspicious circumstances were vague and sadly she was never provided with a valid reason Bailey later personally experienced some of the asylum s underhanded dealings Other tragedies befall Bailey that causes her to lose touch with her best friend and eventually with her own daughter Bailey normally confronted her dilemmas and moved beyond them but plagued by depression her mental state started to decline and she ended up in an insane asylum not knowing whether or not she would ever leave the place alive and see loved ones again This emotionally overwhelming novel chronicles Bailey s challenges which includes heartbreak and homelessness Is she strong enough to ultimately overcome any obstacle that stands in her way Does she ever get out of the insane asylum and reconnect with lost ties from her past **The Price of Pearls** Patricia V.

Manns,2011-10-05 Through the eyes of a suburban wife and mother whose pursuit of happiness is overshadowed by personal turmoil *The Price of Pearls* follows a woman's quest for esteem identity belonging love and personal acceptance This memoir eloquently details the two fold process of discovering true inner healing embracing memories and unveiling secrets especially those we are keeping from ourselves Following her dynamic change filled 1950s childhood through eventful college years in the 1970s and into an adulthood plagued with discontent author Patricia Mann's ultimate search for serenity shows us that learning to accept things we cannot change is more than just a prayer for today or a hope for tomorrow It is a lens through which we must view our past

The Price of Gold Marty Nothstein,Ian Dille,2012-06-05 The harrowing triumphant tale of a cyclist's journey to Olympic victory and the price he paid to achieve greatness Marty Nothstein one of the greatest cyclists of all time arrived at the 1996 Olympic Games a heavy favorite In the match sprint at the Atlanta Olympics an event akin to prizefighting on a bicycle he raced around a banked oval track Nothstein lost by a hair's width on the finish line and vowed to win the gold at the next Olympics saying I didn't come here for a silver medal In *The Price of Gold* Marty Nothstein eloquently and honestly tracks his journey to the games in Sydney and the events that molded him into the world's fastest man on a bicycle from his tough love upbringing in a blue collar split home to the borderline outlaw cast of cycling characters who helped guide him through the ranks I had to become the worst to become the best Nothstein says of the single minded determination that turned him into a veritable monster on his bike but often forced him to neglect his own family Sure to become a sports classic this book will be published in time for the 2012 Olympics when the world's eyes are trained on London and international conversation will turn to the question of what it takes to win the gold

Brain-Computer Interfaces Jonathan Wolpaw,Elizabeth Winter Wolpaw,2012-01-24 In the last 15 years a recognizable surge in the field of Brain Computer Interface BCI research and development has emerged This emergence has sprung from a variety of factors For one inexpensive computer hardware and software is now available and can support the complex high speed analyses of brain activity that is essential is BCI Another factor is the greater understanding of the central nervous system including the abundance of new information on the nature and functional correlates of brain signals and improved methods for recording these signals in both the short term and long term And the third and perhaps most significant factor is the new recognition of the needs and abilities of people disabled by disorders such as cerebral palsy spinal cord injury stroke amyotrophic lateral sclerosis ALS multiple sclerosis and muscular dystrophies The severely disabled are now able to live for many years and even those with severely limited voluntary muscle control can now be given the most basic means of communication and control because of the recent advances in the technology research and applications of BCI This book is intended to provide an introduction to and summary of essentially all major aspects of BCI research and development Its goal is to be a comprehensive balanced and coordinated presentation of the field's key principles current practice and future prospects
