Why AI Is Free: The Price We Don't See Harsh Dubey, 2025-09-17 Why is artificial intelligence free Because the real price is hidden and far more dangerous than money In this groundbreaking and eye opening book Why AI Is Free The Price We Don t See Harsh takes readers deep into the dark side of artificial intelligence exposing the hidden trade off behind every free AI service While the world celebrates AI chatbots recommendation engines and virtual assistants as revolutionary tools the truth is unsettling nothing comes without a cost This book reveals how free AI is silently reshaping control privacy and humanity itself Through real life examples psychological insights and sharp analysis it uncovers How your personal data becomes the fuel for trillion dollar industries The subtle ways AI manipulates your thoughts behaviors and even emotions Why Big Tech offers free AI to control markets politics and people The illusion of personalization that is really manipulation in disguise The dangers of predictive policing surveillance states and algorithmic bias What the future holds if humans blindly accept AI without questioning it More than just a warning this book is a wake up call It urges readers to see beyond the convenience of free tools and understand the real cost being paid independence privacy and the very essence of human freedom Why AI Is Free The Price We Don t See is not just about technology it is about power control and the choices we make as a society If you ve ever wondered what s truly at stake in the AI revolution this book will open your eyes to the uncomfortable truth The cost of free AI is not money it s you

Hoodwinked Mara Einstein, 2025-02-04 Powerhouse marketing expert narrator of Netflix s Buy Now documentary shows how today s biggest brands are using cult like tactics to capture not just your wallet

but your devotion From viral leggings to must have apps Dr Mara Einstein exposes the hidden parallels between cult manipulation and modern marketing strategies in this eye opening investigation Drawing from her unique background as both a former MTV marketing executive and a respected media studies professor she reveals how companies weaponize psychology to transform casual customers into devoted followers This groundbreaking book uncovers How social media platforms use anxiety inducing algorithms to keep you trapped in a purchase panic cycle The secret playbook marketers use to create brand religions around everyday products Why even the most rational consumers fall prey to scarcity marketing and manufactured FOMO Practical strategies to break free from manipulative digital marketing tactics With compelling real world examples and insights from industry insiders Hoodwinked equips you with the knowledge to recognize and resist these sophisticated manipulation techniques Dr Einstein s expertise has been featured in The New York Times Wall Street Journal and Harvard Business Review making her the perfect guide through the maze of modern marketing manipulation Break free from the cult of consumerism discover how to make mindful choices in an increasingly manipulative digital marketplace Easy to read and such a good peek behind the curtain of for profit companies and the ways they influence and manipulate us

Daniella Young author of *Uncultured* *AI Agents Made Easy* Barron Wilson, 2025-06-06 *AI Agents Made Easy* Build Your Digital Workforce with No Code Tools Simplify automation Build smarter No coding required This practical easy to follow guide helps you unlock the power of AI agents intelligent digital workers that can think act and learn on their own Best of all you don t need to be a programmer to build them *AI Agents Made Easy* shows you how to create your own smart automation tools using popular no code platforms like n8n Coinbase AgentKit Zapier and Make Whether you re running a business managing content trading crypto or planning trips this book walks you step by step through building agents that handle real world tasks automatically You ll learn how to build agents that Trade crypto on Coinbase monitor prices and manage risk Write and optimize content for TikTok YouTube and blogs Create branded videos and auto post them to social media Plan travel find deals and book multi stop trips Summarize research from the web PDFs and social media Write polish and schedule blog posts for platforms like WordPress and X You ll also discover how to connect these agents into larger systems like a full blown content production pipeline or an automated travel business Along the way you ll explore key tips for keeping your agents running smoothly securely and around the clock And because the world of AI is moving fast you ll get a look at what s coming next the latest tools trends and ethical insights to help you stay ahead **Hollywood Power Plays** Ethan Parker, AI, 2025-02-24 *Hollywood Power Plays* dissects the high stakes world of the film and television industry revealing the intricate power dynamics that dictate which stories make it to the screen It explores the strategies used by film executives producers and studios in deal making illustrating how these power plays influence the content we consume The book uniquely emphasizes the role of legal agreements and contracts in shaping creative outcomes showing how legal language can be a tool for control The book traces the historical evolution of studio power from the Golden Age of Hollywood

to the dominance of streaming services highlighting shifts in influence among studio heads talent agencies and tech giants It argues that the pursuit and maintenance of power defined by control over resources talent and distribution drives decisions in the entertainment industry Through case studies of blockbuster franchises independent film production and digital disruption Hollywood Power Plays progresses through the key concepts ultimately examining the ethical implications of these power dynamics including issues of fair compensation and representation **Asian Development Outlook 2020 Update**

Asian Development Bank,2020-09-01 Developing Asia has suffered as the COVID 19 pandemic persists Growth trade and tourism collapsed in 2020 leading to the region s first economic contraction in nearly 6 decades Governments across Asia acted quickly to contain the virus and its economic effects and signs of bottoming out have now appeared Inflation remains benign constrained by depressed demand and declining food prices A prolonged pandemic is the primary downside risk to the outlook Persistent or renewed outbreaks and a return to stringent containment could possibly derail the recovery and trigger financial turmoil Recovery depends on measures to address the health crisis and on continued policy support The pandemic has highlighted the importance of wellness both physical and mental Wellness the pursuit of holistic health and well being is a component of the UN s Sustainable Development Goals This report evaluates the state of wellness in Asia documents how the wellness economy is a large and growing part of the region s economy and discusses how policy makers can promote wellness by creating healthy living environments encouraging physical activity and healthy diets and enhancing workplace wellness Social Media Strategy Keith A. Speculative Communities Aris Komporozos-Athanasiou, 2022-01-17 Speculative Communities investigates the financial world's influence on the social imagination unraveling its radical effects on our personal and political lives In Speculative Communities Aris Komporozos-Athanasiou examines the ways that speculation has moved beyond financial

markets to shape fundamental aspects of our social and political lives As ordinary people make exceptional decisions such as the American election of a populist demagogue or the British vote to leave the European Union they are moving from time honored and tested practices of governance toward the speculative promise of a new more uncertain future This book shows how even our methods of building community have shifted to the speculative realm as social media platforms enable and amplify our volatile wagers For Komporozos Athanasiou to speculate means increasingly to connect to endorse the unknown pre emptively and often daringly as a means of social survival Grappling with the question of how more uncertainty can lead to its full throated embrace rather than dissent Speculative Communities shows how finance has become the model for society writ large As Komporozos Athanasiou argues virtual marketplaces new social media and dating apps bring finance s opaque infrastructures into the most intimate realms of our lives leading to a new type of speculative imagination across economy culture and society
