**Strategic Analysis of Netflix in India. Possible Strategies and Recommendations** Gabriel Socha,2020-09-28 Case Study from the year 2020 in the subject Economics International Economic Relations grade 1-3 New York University Leonard N Stern School of business language English abstract The paper focuses on strategic issues of the management of Netflix in India pointing to the following key question How can the company adapt its business model to gain a foothold in the Indian market Should the company conduct acquisitions to deal with the situations Or should Netflix exit India and shift focus to other global markets instead Netflix a leading American online media streaming and production company expanded successfully across the globe in the 2010s However in India a very important market for Netflix due to its large population and strong demand for video streaming Netflix seems to be struggling Dominant competitors and specific customer requirements have made growth difficult for the firm In this case both Netflix and the Indian video streaming market are analyzed with several strategic options are compared The team of authors recommends purchasing local studios and production houses so that Netflix can continue to pursue its verticalization strategy and meet local consumer demands We also suggest Netflix adapt its price to appeal to more users as Indian users are generally more price sensitive While it might dilute Netflix premium brand we believe such risk can be mitigated by adopting a more bare bones lower cost subscription targeting the large number of Indian consumers who use their smartphones to access the internet

**Academic Skills in Early Childhood Education and Care** Ita Kennelly, Meera Oke, 2024-07-20 This book supports the development of academic personal and professional skills for students of Early Childhood Education and Care ECEC It aims to demystify aspects of learning and writing practices and can be used by students as a practical resource to enhance their engagement with education and to support their success on their programmes The book guides students in a range of areas to help their academic development including study techniques time management managing groupwork understanding assessment requirements academic writing and how to work effectively within a digital learning environment In addition the book features a strong personal and professional development dimension which enables readers to engage in a process of self inquiry as part of their learning This self inquiry is important to understanding assumptions about learning and can help students to explore their prior educational experiences and to identify their particular motivations and challenges The book extends this self inquiry to support the development of reflective practice which is key to enhancing students learning and to enabling the ongoing professional development and practice of the ECEC educator While many ECEC undergraduate programmes offer academic guidance to students there is a gap for a more embedded academic support which is discipline specific and therefore more closely attuned to the needs of the ECEC student and the emerging needs of the sector In addition to providing a resource for

students and practitioners this book can also serve as a useful resource for lecturers in the ECEC discipline Its accompanying site contains downloadable templates from the book which provide a range of activities and prompts suitable for engaging students in thinking about their learning and writing about their professional practice     *Game Informer Magazine* ,2009
