Reading Bestsellers Danielle Fuller, DeNel Rehberg Sedo, 2023-04-27 Readers are essential agents in the production of bestsellers but bestsellers are not essential to readers' leisure pursuits The starting point in this *Element* is readers' opinions about and their uses of bestselling fiction in English Readers' relationships with bestsellers bring into view their practices of book selection and their navigation of book recommendation culture Based on three years of original research 2019-2021 including a quantitative survey with readers interviews with social media influencers and qualitative work with international Gen Z readers in a private Instagram chat space the authors highlight three core actions contemporary multimodal readers make choosing connecting and responding in a transmedia era where on and offline media practices co-exist The contemporary multimodal reader or the MMR3 they argue illustrates the pervasiveness of recommendation culture reliance on trusted others and an ethic of responsiveness

Easy to Hate Hannah Blowers, 2022-03-31 When I moved into my new apartment after living on campus I thought I'd be in for quiet peaceful nights to myself Little did I know how wrong I was I used to be in the Marines and now I'm at war once again I hate my next door neighbors Okay maybe hate is a strong word but they're obnoxious loud and always throwing parties It's possible the letters of complaint I keep leaving on their door aren't helping to de-escalate the situation but in my defense I can't stand the noise anymore The last thing I expected was for one of the neighbors to write back Even more unexpected I'm starting to develop feelings for her But how do you navigate a relationship with someone who was once so easy to hate and is now almost as easy to love
