Return of the Hustle Eric Sheinkop, 2016-03-11 Has a commercial ever brought you to tears Has a movie ever inspired you so much you change your way of life Has the series finale of a television show ever broken your heart Has a video game ever altered your perception of reality If you're like most consumers you answered yes to at least one of those questions Whether you remember it or not the music of that ad film show or game probably played a big role in influencing your emotional response during that experience In fact music is included in media specifically for the purpose of connecting with audiences on a deeper level that visuals alone cannot access A strong music strategy is fundamental to the success of television film brands and video games Because of higher expectations for audiovisual content it will take more than clever animation or a celebrity cameo to connect with consumers in an authentic organic way By providing audiences with a genuine music experience whether with an exclusive song through an artist partnership or by featuring new music from an emerging band you can build a bond that extends far beyond product experience Music touches us emotionally in a way that words seldom do We feel it we remember it In *Return of The Hustle* a leading music and marketing industry insider discusses the diverse audio touchpoints for four key industries and shows how marketers storytellers and advertisers can use music to effectively guide audiences along the customer journey from passive consumers to brand advocates *Return of The Hustle* provides readers with a blueprint for music strategy that professionals at any level in any industry can use to attract consumers immerse them into the content and extend relationships between them and the brand long after the commercial ends or the credits roll With detailed case studies exhaustive interviews and thorough research *Return of the Hustle* gives readers the playbook to use the marketing power of music to drive business results [The Disruptors](#) Sally

Percy, 2024-09-03 Fearless innovative driven and daring These are the qualities of a disruptor a business that is willing to take risks to achieve incredible success In *The Disruptors* leading business journalist Sally Percy investigates the stories behind some of the world's most innovative businesses who took unconventional and trailblazing approaches to overcome the competition and achieve success Spotify Nintendo TikTok and A24 These are all businesses that have taken disruptive pathways to success and have redefined their industries *The Disruptors* dives into the strategies behind these stories offering valuable insights into innovative and daring entrepreneurship **Learning deep** Benjamin Säfken, Alexander

Silbersdorff, Christoph Weisser, 2020 Artificial intelligence is considered to be one of the most decisive topics in the 21st century Deep learning algorithms which are the basis of artificial intelligence applications are of central interest for researchers but also for students that strive to build up academic knowledge and practical competences in this field The Deep Learning Seminar at the University of Göttingen follows the central notion of the Humboldtian model of higher education and offers graduate students of applied statistics the opportunity to conduct their own research The quality of the results motivated us to publish the most promising seminar papers in this volume For the selected papers a full peer review

process was conducted The presented contributions cover a broad range of deep learning topics The articles in the first part of this volume may serve the reader as introduction to deep learning algorithms Subsequently research applications allow the reader to gain deep insights into some of the latest developments in the field of artificial intelligence
