You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple *You Should Quit Reddit* is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit's flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

You've Been Played Adrian Hon, 2022-09-20 How games are being harnessed as instruments of exploitation and what we can do about it Warehouse workers pack boxes while a virtual dragon races across their screen If they beat their colleagues they get an award If not they can be fired Uber presents exhausted drivers with challenges to keep them driving China scores its citizens so they behave well and games with in app purchases use achievements to empty your wallet Points badges and leaderboards are creeping into every aspect of modern life In *You've Been Played* game designer Adrian Hon delivers a blistering takedown of how corporations schools and governments use games and gamification as tools for profit and coercion These are games that we often have no choice but to play where losing has heavy penalties *You've Been Played* is a scathing indictment of a tech driven world that wants to convince us that misery is fun and a call to arms for anyone who hopes to preserve their dignity and autonomy

[Cross Stitch Crazy November 2017](#) Magazines Global, [Cross Stitch Crazy November 2017](#) *Pro Spark Streaming* Zubair Nabi, 2016-06-13 Learn the right cutting edge skills and knowledge to leverage Spark Streaming to implement a wide array of real time streaming applications This book walks you through end to end real time application development using real world applications data and code Taking an application first approach each chapter introduces use cases from a specific industry and uses publicly available datasets from that domain to unravel the intricacies of production grade design and

implementation The domains covered in Pro Spark Streaming include social media the sharing economy finance online advertising telecommunication and IoT In the last few years Spark has become synonymous with big data processing DStreams enhance the underlying Spark processing engine to support streaming analysis with a novel micro batch processing model Pro Spark Streaming by Zubair Nabi will enable you to become a specialist of latency sensitive applications by leveraging the key features of DStreams micro batch processing and functional programming To this end the book includes ready to deploy examples and actual code Pro Spark Streaming will act as the bible of Spark Streaming What You ll Learn Discover Spark Streaming application development and best practices Work with the low level details of discretized streams Optimize production grade deployments of Spark Streaming via configuration recipes and instrumentation using Graphite collectd and Nagios Ingest data from disparate sources including MQTT Flume Kafka Twitter and a custom HTTP receiver Integrate and couple with HBase Cassandra and Redis Take advantage of design patterns for side effects and maintaining state across the Spark Streaming micro batch model Implement real time and scalable ETL using data frames SparkSQL Hive and SparkR Use streaming machine learning predictive analytics and recommendations Mesh batch processing with stream processing via the Lambda architecture Who This Book Is For Data scientists big data experts BI analysts and data architects

Introduction to Text Analytics Emily Ohman, 2024-11-01 This easy to follow book will revolutionise how you approach text mining and data analysis as well as equipping you with the tools and confidence to navigate complex qualitative data It can be challenging to effectively combine theoretical concepts with practical real world applications but this accessible guide provides you with a clear step by step approach Written specifically for students and early career researchers this pragmatic manual will Contextualise your learning with real world data and engaging case studies Encourage the application of your new skills with reflective questions Enhance your ability to be critical and reflective when dealing with imperfect data Supported by practical online resources this book is the perfect companion for those looking to gain confidence and independence whilst using transferable data skills

Political Expressionism Reza Mohajer, 2023-10-15 Political Expressionism Roots of Social Movements in Iran the Middle East and the World describes how politics is much more abstract now and similar to how expressionism affected the art world This work applies a theoretical and historical overview to examine changes in how social movements operate over the last century with a comparative overview of events in Iran the Middle East and the world Increased usage of Information Communication Technologies ICTs and their impact on Traditional Communication Methods TCMs forever altered the dynamics of contention This books motivating questions are What is the modern dream for social change What is the future of Social Movements in Iran the Middle East and the World What are the roles of Social Movements as a tool which can help create frameworks for democracy and How did Internet Communications Technologies ICTs impact the conceptualization of space in states and societies Social movements analyzed in this work include 18 Tir the Iran Students protest of July 1999 the Green Movement

of Iran 2009 2010 the economic uprisings and the Women Life Freedom Movement in Iran of 2022 the Arab Spring 2010 2012 Taksim Square Gezi Park Movement in Turkey 2013 and the Umbrella Revolution in Hong Kong that started in 2014 This book aims to bridge knowledge gaps between the theory and practice of social movements for academics and human rights activists alike *The Canadian Far-Right and Conspiracy Theories* Ahmed Al-Rawi, Carmen Celestini, Nicole K. Stewart, Joseph M. Nicolai, Nathan Worku, 2024-12-31 This book provides an empirical analysis mapping and assessment of Canadian right wing extremist RWE groups and their conspiracy theories While the majority of studies on RWE groups focus on American and European actors this book critically examines conspiracies disseminated by Canadian actors on different online sites and social media platforms The authors deploy a mapping metaphor to chart the conspiratorial ideas that RWE groups create and share online The book also examines the infrastructural terrain that supports mainstream and alternative platforms and the dark monetization structures that act as important conduits for this negative messaging Theoretically the study is situated within the concepts of dark social movements where dark participation on dark platforms often occurs A conceptualization of conspiracy theories is developed by exploring four specific aspects 1 topics 2 targets 3 concerns and 4 actors This concept is operationalized by applying it to BitChute and Telegram The book also offers a historical understanding of different RWE groups and their ideological positions In addition it provides an empirical investigation of Google's autocomplete feature Amazon books the Dark Web and several other alternative social media sites It will be of interest to researchers of Canadian politics conspiracy theories and the far right *The Semantic Web – ISWC 2020* Jeff Z. Pan, Valentina Tamma, Claudia d'Amato, Krzysztof Janowicz, Bo Fu, Axel Polleres, Oshani Seneviratne, Lalana Kagal, 2020-10-31 The two volume set LNCS 12506 and 12507 constitutes the proceedings of the 19th International Semantic Web Conference ISWC 2020 which was planned to take place in Athens Greece during November 2-6 2020 The conference changed to a virtual format due to the COVID 19 pandemic The papers included in this volume deal with the latest advances in fundamental research innovative technology and applications of the Semantic Web linked data knowledge graphs and knowledge processing on the Web They were carefully reviewed and selected for inclusion in the proceedings as follows Part I Features 38 papers from the research track which were accepted from 170 submissions Part II Includes 22 papers from the resources track which were accepted from 71 submissions and 21 papers in the in use track which had a total of 46 submissions *Irreversible Damage* Abigail Shrier, 2020-06-30 NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES *Irreversible Damage* has caused a storm Abigail Shrier a Wall Street Journal writer does something simple yet devastating she rigorously lays out the facts Janice Turner The Times of London Until just a few years ago gender dysphoria severe discomfort in one's biological sex was vanishingly rare It was typically found in less than 0.1 percent of the population emerged in early childhood and afflicted males almost exclusively But today whole groups of female friends in colleges high schools and even middle schools across

the country are coming out as transgender These are girls who had never experienced any discomfort in their biological sex until they heard a coming out story from a speaker at a school assembly or discovered the internet community of trans influencers Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and gender affirming educators and therapists who push life changing interventions on young girls including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility Abigail Shrier a writer for the Wall Street Journal has dug deep into the trans epidemic talking to the girls their agonized parents and the counselors and doctors who enable gender transitions as well as to detransitioners young women who bitterly regret what they have done to themselves Coming out as transgender immediately boosts these girls social status Shrier finds but once they take the first steps of transition it is not easy to walk back She offers urgently needed advice about how parents can protect their daughters A generation of girls is at risk Abigail Shrier s essential book will help you understand what the trans craze is and how you can inoculate your child against it or how to retrieve her from this dangerous path

Dream Master: a Memoir Raheem Jarbo,2020-12-13 Dream Master covers Raheem Mega Ran Jarbo s unbelievable journey from its humble beginnings in Philadelphia to college and the classroom then how a focus on video games and hip hop encouraged a complete career shift and propelled him to all the way to stages across the world and ultimately to a Guinness World Record

Sakr,2023-07-18 Arabic Glitch explores an alternative origin story of twenty first century technological innovation in digital politics one centered on the Middle East and the 2011 Arab uprisings Developed from an archive of social media data collected over the decades following the 2003 U S invasion of Iraq this book interrogates how the logic of programming technology influences and shapes social movements Engaging revolutionary politics Arab media and digital practice in form method and content Laila Shereen Sakr formulates a media theory that advances the concept of the glitch as a disruptive media affordance She employs data analytics to analyze tweets posts and blogs to describe the political culture of social media and performs the results under the guise of the Arabic speaking cyborg VJ Um Amel Playing with multiple voices that span across the virtual and the real Sakr argues that there is no longer a divide between the virtual and embodied both bodies and data are physically socially and energetically actual Are we cyborgs or citizens or both This book teaches us how a region under transformation became a vanguard for new thinking about digital systems the records they keep the lives they impact and how to create change from within **Learn Vue.js: The Collection** James Hibbard,Jack Franklin,Michael

Wanyoike,Ahmed Bouchefra,Kingsley Silas,Chad A. Campbell,Olayinka Omole,Nilson Jacques,Michiel Mulders,Yomi Eluwande,Christopher Vundi,Deji Atoyebi,Ivaylo Gerchev,Maria Antonietta Perna,David Bush,2019-06-06 Since its release in 2014 Vue js has seen a meteoric rise to popularity and is now considered one of the primary front end frameworks and not without good reason Its component based architecture was designed to be flexible and easy to adopt making it just as easy to integrate into projects and use alongside non Vue code as it is to build complex client side applications This is a collection of three books covering crucial Vue topics It contains Working with Vue js 11 Practical Vue js Projects Vue js Tools Skills **A New Leaf** Alyson Martin,Nushin Rashidian,2015-02-03 Two award winning journalists offer a cogent well sourced and ambitious analysis of the slow decline of cannabis prohibition in the United States Kirkus Reviews In November 2012 voters in Colorado and Washington passed landmark measures to legalize the production and sale of cannabis for social use a first

in the United States and the world Once vilified as a gateway drug cannabis is now legal for medical use in eighteen states and Washington DC Yet the federal government refuses to acknowledge these broader societal shifts 49 5 percent of all drug related arrests involve the sale manufacture or possession of cannabis In the first book to explore the new landscape of cannabis in the United States investigative journalists Alyson Martin and Nushin Rashidian demonstrate how recent cultural and legal developments tie into cannabis s complex history and thorny politics Reporting from nearly every state with a medical cannabis law Martin and Rashidian interview patients growers doctors entrepreneurs politicians activists and regulators A New Leaf moves from the federal cannabis farm at the University of Mississippi to the headquarters of the ACLU to Oregon s World Famous Cannabis Caf The result is a lucid account of how cannabis legalization is changing the lives of millions of Americans and easing the burden of the war on drugs both domestically and internationally *Beyond the Valley* Ramesh Srinivasan, 2020-09-01 How to repair the disconnect between designers and users producers and consumers and tech elites and the rest of us toward a more democratic internet In this provocative book Ramesh Srinivasan describes the internet as both an enabler of frictionless efficiency and a dirty tangle of politics economics and other inefficient inharmonious human activities We may love the immediacy of Google search results the convenience of buying from Amazon and the elegance and power of our Apple devices but it s a one way top down process We re not asked for our input or our opinions only for our data The internet is brought to us by wealthy technologists in Silicon Valley and China It s time Srinivasan argues that we think in terms beyond the Valley Srinivasan focuses on the disconnection he sees between designers and users producers and consumers and tech elites and the rest of us The recent Cambridge Analytica and Russian misinformation scandals exemplify the imbalance of a digital world that puts profits before inclusivity and democracy In search of a more democratic internet Srinivasan takes us to the mountains of Oaxaca East and West Africa China Scandinavia North America and elsewhere visiting the design labs of rural low income and indigenous people around the world He talks to a range of high profile public figures including Elizabeth Warren David Axelrod Eric Holder Noam Chomsky Lawrence Lessig and the founders of Reddit as well as community organizers labor leaders and human rights activists To make a better internet Srinivasan says we need a new ethic of diversity openness and inclusivity empowering those now excluded from decisions about how technologies are designed who profits from them and who are surveilled and exploited by them

Empty Planet Darrell Bricker, John Ibbitson, 2019-02-05 From the authors of the bestselling *The Big Shift* a provocative argument that the global population will soon begin to decline dramatically reshaping the social political and economic landscape For half a century statisticians pundits and politicians have warned that a burgeoning planetary population will soon overwhelm the earth s resources But a growing number of experts are sounding a different kind of alarm Rather than growing exponentially they argue the global population is headed for a steep decline Throughout history depopulation was the product of catastrophe ice ages plagues the collapse of civilizations This time however we re thinning ourselves

deliberately by choosing to have fewer babies than we need to replace ourselves In much of the developed and developing world that decline is already underway as urbanization women s empowerment and waning religiosity lead to smaller and smaller families In Empty Planet Ibbitson and Bricker travel from South Florida to Sao Paulo Seoul to Nairobi Brussels to Delhi to Beijing drawing on a wealth of research and firsthand reporting to illustrate the dramatic consequences of this population decline and to show us why the rest of the developing world will soon join in They find that a smaller global population will bring with it a number of benefits fewer workers will command higher wages good jobs will prompt innovation the environment will improve the risk of famine will wane and falling birthrates in the developing world will bring greater affluence and autonomy for women But enormous disruption lies ahead too We can already see the effects in Europe and parts of Asia as aging populations and worker shortages weaken the economy and impose crippling demands on healthcare and social security The United States is well positioned to successfully navigate these coming demographic shifts that is unless growing isolationism and anti immigrant backlash lead us to close ourselves off just as openness becomes more critical to our survival than ever before Rigorously researched and deeply compelling Empty Planet offers a vision of a future that we can no longer prevent but one that we can shape if we choose **Decoding the New Consumer Mind** Kit

Yarrow,2014-03-31 Take a glimpse into the mind of the modern consumer A decade of swift and stunning change has profoundly affected the psychology of how when and why we shop and buy In Decoding the New Consumer Mind award winning consumer psychologist Kit Yarrow shares surprising insights about the new motivations and behaviors of shoppers taking marketers where they need to be today into the deeply psychological and often unconscious relationships that people have with products retailers marketing communications and brands Drawing on hundreds of consumer interviews and shop alongs Yarrow reveals the trends that define our transformed behavior For example when we shop we show greater emotionality hunting for more intense experiences and seeking relief and distraction online A profound sense of isolation and individualism shapes the way we express ourselves and connect with brands and retailers Neurological research even suggests that our brains are rewired altering what we crave how we think and where our attention goes Decoding the New Consumer Mind provides marketers with practical ways to tap into this new consumer psychology and Yarrow shows how to combine technology and innovation to enhance brand image win love and loyalty through authenticity and integrity put the consumer s needs and preferences front and center and deliver the most emotionally intense yet uncomplicated experience possible Armed with Yarrow s strategies marketers will be able to connect more effectively with consumers driving profit and success across the organization **Generation AI** Matt Britton,2025-05-06 A clear practical guidebook to being a parent

and professional in a world transformed by AI In Generation AI lifelong entrepreneur futurist and consumer trend expert Matt Britton explores how artificial intelligence is reshaping society from consumer behavior to education work relationships and health As the first generation born into an AI enabled world Generation Alpha will experience a paradigm shift in lifestyle

and career paths Britton examines the unprecedented opportunities AI presents personalized learning advancements in healthcare and automated consumer experiences and processes Britton also confronts ethical and societal challenges from privacy issues and economic disparity to the potential impact on mental health and job displacement Balancing optimism with caution Britton offers a forward looking guide for leaders parents and individuals on how to navigate a future where AI drives cultural and economic transformation Generation AI explores timely topics including Consumer Behavior AI driven personalized shopping and the role of the creator economy in capturing mindshare Education Exploring the future of education and the need for learnings to reinvent itself from a curriculum centered on memorization to one focused on problem solving and creativity Work Career A deep dive into the AI powered developments driving disruption in the workplace and uncovering the skill sets needed to thrive Mental Health Relationships Examines AI s potential to both connect and isolate impacting human interaction Ethics Privacy The need for AI guardrails to protect privacy and ensure fairness amid rapid technological advances Generation AI is a comprehensive and highly practical guide for all individuals looking to future proof themselves in this brave new world especially Millennial parents who are raising the first AI generation grappling with the disruption of AI in their own lives and seeking to understand the next stages of our technological evolution

Yeah, reviewing a ebook **Reddit This Month Download** could go to your near contacts listings. This is just one of the solutions for you to be successful. As understood, success does not suggest that you have fantastic points.

Comprehending as capably as concord even more than other will have enough money each success. adjacent to, the statement as well as acuteness of this Reddit This Month Download can be taken as skillfully as picked to act.
